GNSO Working Group Self-Assessment (WGSA) - Discussion Table – 21 November 2022

Disclaimer: *This overview has been developed to facilitate the CCOICI's consideration of the concerns expressed and possible updates to the recommendations. However, this does not replace the CCOICI's obligation to review all input received in full and to indicate if any concerns in this overview have inadvertently been mischaracterized or left out.*

Instructions: Each member is expected to have reviewed the public comments (see here) before filling out the tables below. Please focus on any new information or insights that have been provided. If it concerns information or perspectives that the CCOICI already considered in the development of the recommendations, feel free to point this out.

WGSA Recommendations Report
CCOICI's report to the GNSO Council

Noted Concerns / Suggestions

a) Suggestion	**Corresponding Comments**
An additional option is added to the question relating to Primary Organizational Affiliation, namely that in addition to "At-Large Advisory Committee (ALAC)", there is also the option to select "At-Large Community"	ALAC
b) Suggestion	**Corresponding Comments**
Whether it should be possible for respondents who choose to, to have their name published in the summary report.	Jeff Neuman (during GNSO Council February meeting)
