

Welcome!

Hello there, thank you for considering me! Below will cover:

My personal art process

Payment

What i will draw and what i will refuse to draw

And some more specific rules that may apply for some commission types but not all

If i am unavailable for comms feel free to ask to get in a waitlist OR to get other artist suggestions

When you commission me I want your full trust that i can make something great. Just as much as I don't want to be rushed YOU DON'T HAVE TO FEEL RUSHED EITHER especially for oc creation taking your time is ok and is encouraged its more frustrating to work with clients who are unsure how to convey their requests (and i will assist in helping you get your ideas across)

DM ME IF THERE NEEDS TO BE ANY CLARIFICATION ill be fixing my tos as needed ^^

Payment

(does not apply to speedrun sunday)

I'll send you an invoice for the commission you must pay at least 50% before i continue with the sketch

If the commission becomes difficult I will consult you with an agreed price change

If you need last minute changes you are subject to a price increase starting at 25-75%

Process

I get very sick often so i try to be upfront about the progress i am making on your commission so please do not ask me too many questions about it as it might become stressful for me (questions relating to progress and what i am doing otherwise if you forgot some notes please dm me before i move forward with the illustration) My art style is flexible so there is possibility for last minute changes but you are subject to a price increase if the changes are too much

Dos and don'ts

Do NOT edit my art in any way or resell it

I would prefer no rush art it stresses me out expect to pay up to 50-100% extra of the original price

i won't do is anything that relates to sexualizing minors, loli porn, bestiality, i will add to this list if it is somehow expanded

I will NOT edit anyone else's art unless they have given me express permission to edit it

I will NOT make any NSFW piece between two or more people unless i receive evidence that they consented to the art piece

Commercial pricing

Please be transparent about what you are using my art for

If you want full rights to a character i design for you it will have an added commercial fee

If you plan to sell merch that i have made for you we will need to discuss commercial pricing

Expect a 25%+ upcharge

Specific commissions tos

Below are tos that relates more to specific commissions that i take and might not relate as much to basic illustrations

Oc creation

If i make an oc for you you MUST GIVE CREDIT WHERE IT'S DUE even if its a sketch I must be given credit for my work

You must provide a "crazy board" of what you would like otherwise I WILL increase the price how to help me make an oc will be discussed in dms

If you deviate from the original oc such as changing it up a bit i still need to be given credit for what i have worked on

Stream assets

I will only make emotes, panels, and overlays for new streamers any other stream asset you must have been streaming for longer than 1 month

You may use these however you like just DO NOT EDIT MY WORK WITHOUT CONSENT

As a note, viewership and following don't matter! if you are new to streaming i don't want to make a model for you as a lot of models i have made have never seen the light due to people quitting

YOU MAY NOT SELL ANY ASSETS I MADE IF YOU QUIT STREAMING

YOU MAY NOT GIVE AWAY YOUR MODEL IF YOU QUIT STREAMING

DONT SELL MY ART FOR A PROFIT OR FOR NFTS

Speedrun Sunday

Extra time on backgrounds will cost extra please specify if you want extra time spent (tips wont count)

This does not include commercial rights, you may not use anything i draw for merchandise

You must pay in full there will be no sketch approval

This cannot be used to create an oc or be used as a full reference sheet

No nsfw as these will only be done on stream

If you don't want your design shared please see sketch prices

No refunds if you are unsatisfied with the quality (i'm doing each piece in 30 minutes if you want something with time taken on it get a normal commission)

If you don't have paypal use my twitch dono link!

Comics and books

Any test sketches must be paid for as if it was a normal commission

If you need a portfolio i will provide my works to you that will best suit your requests

I must be given credit for any work i do on the project

Giveaway

Have an oc ready for me to draw i will not put you on a waitlist forever

Do not harass me for your prize and not have any idea what you want me to draw

Be patient with me as i have to balance this like all of my other commissions

Giveaway art is NOT for commercial use and is NOT for oc or outfit design

- If you like the outfit i draw you in please ask me and we can discuss commercial pricing (it wont be a lot dw)
