Rules and Guidelines

Safety First: All members must prioritize safety during club activities and follow all safety guidelines provided by the club supervisor.

Respect: Members must show respect to all club members, sponsors, advisors, and equipment at all times.

Attendance: Regular attendance is expected from all members. If unable to attend, members should notify the club advisor in advance.

Teamwork: Members are encouraged to work collaboratively and contribute positively to the team environment.

Equipment Care: All equipment must be handled with care and returned to its proper place after use.

Code of Conduct: All members must adhere to the school's code of conduct and represent the robotics club in a positive manner.

Project Completion: Members are expected to complete assigned tasks on time and contribute to the overall success of the club's projects.

Innovation: Members are encouraged to think creatively and contribute new ideas to the club's projects.

Competition Guidelines: If the club participates in competitions, members must adhere to the competition rules and regulations.

Financial Responsibility: Members should be mindful of the club's budget and use resources responsibly.

These rules and guidelines are designed to ensure a safe, respectful, and productive environment for all robotics club members.
