How do I Apply?

This guide provides information about the application and testing process for students applying to an ECC Dual Credit program. Students must meet with their **high school counselor** to review the application process, timeline, and deadlines specific to their school district.

Please note that each Dual Credit option (i.e. Full-time vs. Part-time) may have a different criteria for qualifying. For example:

- Minimum Competencies (i.e. Benchmark scores in reading, writing, and/or math)
- Satisfactory progress towards High School Graduation
- Attendance Record

After students discuss their eligibility with their high school counselor, they need to complete an ECC [Online Application Form](#). Instructions on how to fill out the application are included in the following section. Please follow these steps carefully; failure to do so will result in an incomplete application.

Upon submitting an online application form, students will receive an email notification to inform them that their application will be processed within 24-48 business hours. After the application is processed, ECC will mail a letter to students' home address with information on how to complete the required ECC placement tests or submit qualifying test scores.

The ECC Dual Credit Office will communicate with high schools throughout the application and testing process. Confirmation of application and test scores will be shared with the high school counseling staff on a continuous basis. Students are highly encouraged to follow up with their high school counselor with any questions regarding their application and admissions status.

As a reminder, all admissions decisions will be based on students meeting all ECC and high school requirements. High schools will communicate admission decisions, and ECC will follow up with an invitation to an online "Welcome Night" event for students accepted into Dual Credit.

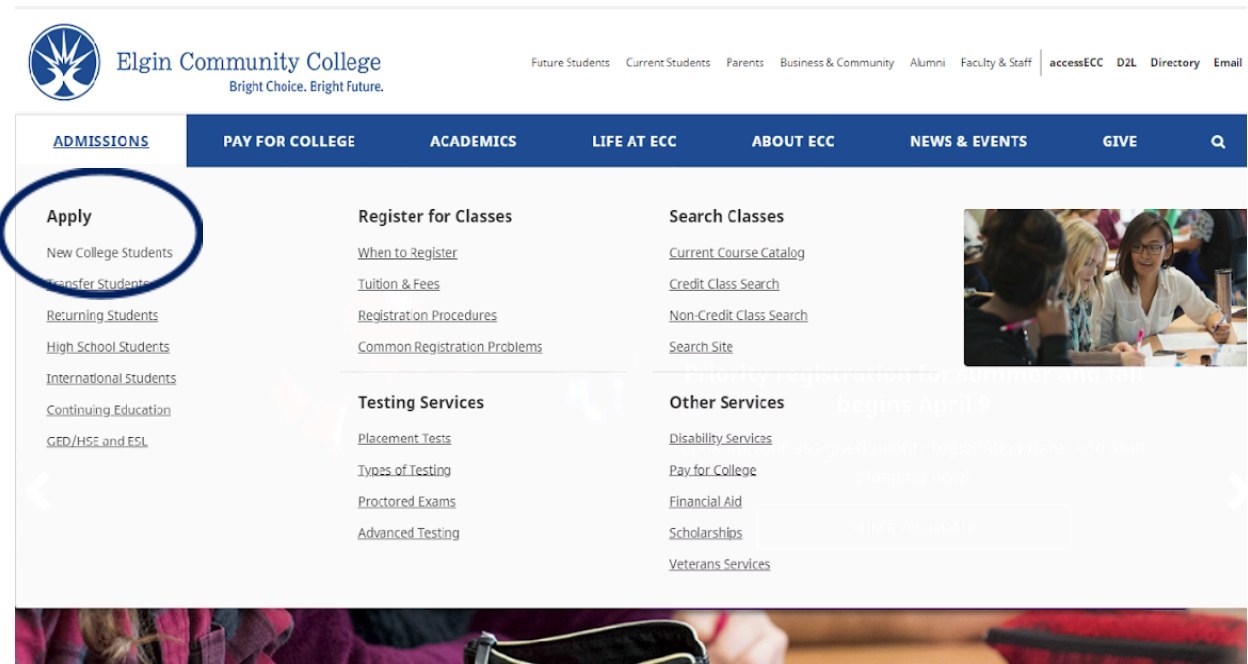

Application Timeline and Deadlines:

1. Complete the Central High School Dual Credit D301 agreement form and give it to your school counselor
2. If you meet the District and ECC Dual Credit Program requirements, your counselor will provide you with instructions on next steps for program application.
3. **Agreement Form Deadline:** March, 21st, 2022
4. **Online Application Deadline** March 22nd, 2022
5. **Placement Testing Deadline:** April 8th, 2022
6. **Admission Decision:** April 14th, 2022

INTERESTED IN RECEIVING FINANCIAL AID/SCHOLARSHIPS – Select *"No"*

AUTHORIZATION

Carefully read the "Terms and Conditions and Privacy Policy" – Both the student (Applicant Signature) and **parent/guardian (Parent Signature)** must provide an e-signature.

The Dual Credit program is a special partnership that provides permission for high school and college access to applicant information. It is imperative that this application is completed according to these steps. Any questions about the online application or issues with technology should be referred to the Dual Credit Office – 847-214-7584

Submitting Transcripts

All students admitted into a Dual Credit program must submit a final 21/22 transcript no later than June 30, 2022. Transcripts must be sent to the ECC Admissions Office.

Preparing for Testing

Placement tests assess students' skill levels and are used to confirm academic readiness to enroll in college courses. Prior to taking the placement test, review "How does the test work" and "How Can I Prepare for the test" sections on the pages below for access to practice and examples. The more practice, the better students will do!

- [English Composition Writing Essay](#)
- [Math Placement Test](#)
- [Reading Placement Test](#)
- [PSB-HOA Placement Test](#)

Testing Information

After submitting an online application, students will need to complete the required placement tests associated with their program/courses. If students have qualifying PSAT, SAT, or ACT scores, then they must submit their score report to the ECC Admissions Office.

All students must meet the minimum college-level benchmarks in reading, writing, mathematics, and foreign language required by the courses/program for which they are seeking enrollment in next academic year.

Students that plan to complete ECC's Placement Tests are limited to two (2) attempts for the Reading and Writing tests, and five (5) attempts for the Math test.

NOTE: *The allotted attempts do not reset after high school graduation. Reading and Writing test scores expire after five (5) years and two (2) years for Math scores. If a student plans to continue at ECC after high school graduation, then they should be aware that the scores they earn while applying to one of the Dual Credit programs may be used for placement and enrollment.*

Placement tests can be taken either remotely or on-campus. Information on each placement and how to prepare can be found at the links below:

[Math Placement](#)

[Reading Placement](#)

[Writing Placement](#)

Remote Testing

Students first need to set up their accessECC accounts by following the instructions included—[Instructions-Setup accessECC Account](#). After their account has been setup, then they will be able to

activate their ECC email address - instructions are also included at the end of the guide – [Instructions-Setup ECC email.](#)

Students' ECC ID # will be included in a letter sent from ECC that confirms the successful submission of their applications

Once you've set up your accessECC account and ECC email then you may sign up to take the exam/s that are required for the course that you are interested in.

Reading and Writing Placement:

To access the remote [Reading](#) and [Writing](#) tests, complete the [remote testing form](#) on the website. A follow-up email with instructions will be sent to your ECC student email.

Math Placement:

Remote math placement instructions can be found directly on the [Math Placement](#) webpage.

Modern Language Placement:

Email testing@elgin.edu to request this remote test, and a proctor will reach out with available times.

Testing Services staff are available at 847-214-7150 or testing@elgin.edu to assist students with remote testing setup.

On-Campus Testing

Testing Services is also offering appointment-only testing on-campus. [Register for on-campus testing.](#) All testers must bring a valid photo ID, school IDs are accepted.

Testing Accommodations

If you have a documented accommodation and need to arrange for testing, please make an appointment with the coordinator of ADA and Student Disability Services by calling 847-214-7390.

PSAT/SAT or ACT Testing

Students can use their qualifying PSAT/SAT or ACT to fulfill their ECC placement requirements. Please follow up with your school counselor to learn more about these testing opportunities.

Testing Requirements – Benchmark scores

Full-Time Dual Credit Program

Below are the benchmark scores that students must earn to meet the Full-time Dual Credit Program's testing requirements. Students in the full-time program will select from courses that require they meet the reading, writing, and mathematics minimum competencies

ECC Placement Test	PSAT/SAT	ACT
Reading = 95	Reading & Writing = 480	Reading = 19
Writing = 55		English = 19
Math = 46	Math = 530	Math = 22

Part-Time Dual Credit Programs

Students applying to a Part-Time Dual Credit Program are required to meet the minimum competencies associated with their General Education course/s or CTE program. Students can fulfill these requirements by way of their PSAT/SAT or ACT scores. If students need to complete ECC’s placement exams, additional information is provided below detailing which exams and cut-off scores are required.

PSAT/SAT	ACT
Reading & Writing = 480	Reading = 19
