Student fundraisers going through the district. Discussion about money disappearing from the convenience account and how many fundraisers can be done in an organization needs to be had with the district. The discussion was tabled until after Korey's meeting with Dr. Tafoya.

Amanda suggests that HARMONY pays the district for custodial fees in order to keep the vendor fair as a HARMONY fundraisers. Michele is concerned that the custodial fee is \$30, which would make it a minimal profit. Korey will contact Andrew to see how much the custodian would cost and get back to HARMONY.

Meat raffle date for May 3rd is on prom night. Raffle is being moved to May 4th to accommodate. We've gotten \$350 of donated money. We could purchase a smart TV with money. Korey made a motion to use the donated money to purchase a smart TV for the raffle, Amanda second; motion carried. Annamarie will create a Facebook event and flyers to go out. The raffle will begin at 7:00 PM at J's Lanes. Korey and Hayley will get students to sell tickets.

Korey and Hayley will be presenting to the board about the trip. Korey will have figures on how much students raised to be able to go on the trip. Anna would then like to take that number and talk with the school board about how the fundraising provided this opportunity for students. Michele suggests that she bring home the fact that the students are fundraising for themselves, not for HARMONY.

Queen of hearts is moving along. Jackpot for April 8th is 1,796.00.

Organizational Contest is coming up. There was much discussion on the concession stand because the lack of funds. Michele is going to try to order the pizzas tomorrow to lock in the price on the special.

Korey will ask Lauri if she wants concessions on the 16th for the recorder program.

Jr. High is going well. Jazz night is coming up. The final piece is going to feature a singer.
