COST MODEL

Currency charged is Australian Dollars (AUD)

Prices for a standard 3-4 minute song:

	Cost for 1 main vocal track	Cost per additional main vocalist	Cost for <2 backing tracks
Timing & tuning	15 AUD	10 AUD	5 AUD
Base mix ★ EQ ★ Compression ★ Simple effects (eg. reverb, “telephone” effect)	10 AUD	5 AUD	5 AUD
Fake harmonies (tuning main vocals to sound like harmonies)	15 AUD per 2 harmony layers (includes cost of mixing them)		
Harmony guide (creating a guide for harmonies you can use to record with)	20 AUD for up to 2 harmony layers, +10 AUD for every extra layer Guides will be provided as a MIDI piano timed with the instrumental and on its own. If you would like a vocal reference, rather than MIDI: • For +5 AUD I will make an UTAU sing the harmonies • For +10 AUD I will record the harmonies myself		
Advanced effects (eg. glitches, vocal chops)	Case-by-case basis		
Quality checking	3 AUD per track QC involves checking over raw files for potential issues such as peaking, bg noise, incorrect pronunciation (jp/eng), incorrect pitch/melody, and incorrect timing. This will give you a chance to record parts again to achieve the best mix we can! If multiple takes are provided, I will splice together the best parts.		

“Additional vocalist” is an additional new person also singing (eg duets)

“Backing track” is extra layers of vocals (eg harmonies, doubles)

Songs over 4 minutes will incur +30% fee per extra minute

Songs less than 2.5 minutes will have -30% reduction in overall cost

COSTING EXAMPLES

USD prices given only as indication, invoices will be charged in AUD and use PayPal's latest exchange rate.

Harmony guide

20 (harmony guide high and low harms)
= 20 AUD (approx. 15 USD)

Solo vocalist, 1 harmony backing track, timing/tuning + base mix

15 (time/tune) + 5 (harmony) + 10 (base mix) + 5 (base mix for harmony)
= 35 AUD (approx. 25 USD)

Duet (2 vocalists + 2 harmony backing track), timing/tuning + base mix

15 (time/tune 1 vocal) + 10 (time/tune extra vocalist) + 5 (time/tune harmonies) + 10 (base mix) + 5 (base mix extra vocalist) + 5 (base mix 2 harmonies)
= 50 AUD (approx. 35 USD)

Chorus (5 vocalist + 2 extra tracks for harmony), timing/tuning + base mix

15 (time/tune 1st vocal) + 40 (time/tune 4 extra vocalists) + 5 (time/tune harmonies) + 10 (base mix) + 20 (base mix 4 extra vocalists) + 5 (base mix 2 harmonies)
= 95 AUD (approx. 70 USD)

MIXING EXAMPLES

FULL MIX

- [9 person chorus in english \(love live\)](#)
- [7 person chorus \(rock\)](#)
- [6 person chorus with lots of effects](#)
- [Solo vocal with basic effects](#)

TIMING AND TUNING ONLY

- [9 person chorus \(love live\)](#)
- [8 person chorus \(love live\)](#)

HARMONY GUIDE/FAKE HARMONIES

- [Various harmony guides](#)
- [Song with all harmonies artificially tuned](#)

FILES/FORMATS

For the best quality, please send the raw vocals in .wav format, at least 44.1kHz, and preferably mono. I will accept .mp3 files, but do note this is a lossy format!

Provide only 1 take per track. If you have multiple takes and would like me to combine them for the best result, it will cost extra (see Quality Checking in the pricing table).

Please also provide the instrumental (or link to it) in the highest quality possible.

I generally will not quality check the raw vocals, unless you specifically request and pay for it. If there are any issues (bg noise, peaking, incorrect pronunciation), I will try to cover it up in the mix as best I can, but will not be pointing it out. If you notice such issues yourself after I have commenced the mix, it will cost extra if you want to replace the vocals. Major problems (like whole lines missing) I will notify you about.

I will provide WIP mixes in .mp3 format, the final mix in .wav format.

TIME TO COMPLETE

I will finish a solo or duet mix within 2 weeks. For large choruses we can discuss deadlines.

Rush fee (<4 vocalists): Add 25 AUD to ensure mix completed within 7 days. +25 AUD for every day sooner to complete (eg to complete in 2 days will be +150 AUD)

I will send you work-in-progress mixes where you can critique and request changes. Once I finish the mix, you can request changes up to 2 times (ie. I will render 2 more high quality .wav mixes with changes). Beyond that, further work will incur more fees.

CONTACT

To commission me, please contact me through any of the following means:

- Email: nomyriad@gmail.com
- Twitter: [@nomyriads](https://twitter.com/nomyriads)
- Discord: [nomyriad#3483](#)

In your message, describe what you want in the mix with regards to the above table. Please also provide a link to the song. I will confirm the cost with you before sending the invoice. If I judge there is extra complexity required to mix the song, I will provide a custom quote.

HOW TO PAY

I will send you an invoice through PayPal, either as an email or a link. Work will not begin until payment is received. I am open to partial payments/payment plans.

ABOUT me

Thank you for checking out my commission information!

I am a long-time youtaite, though my focus has always been on the mixing rather than singing.

I started mixing around 2013, the year I also joined my first chorus battle. Many choruses and solos later I have managed to become the mixer I am today! Almost everything I know has been learned through experience.

My program of choice was Adobe Audition CS6 for 6 years until I switched to Reaper, which I use today. I own a lot of Waves plugins. I use Melodyne Studio 5 for timing and tuning.
