

Put a Woman in Charge

Keb Mo

Way back when
In the beginning of time
Man made the fire, then the wheel
Went from a horse to an automobile
He said "The world is mine"
He took the oceans & the sky
He set the borders, built the walls
He won't stop 'til he owns it all

And here we are
Standing on the brink of disaster
Enough is enough is enough is enough
I know the answer:

Put a woman in charge (Put a woman in charge, put a woman in charge)
Put the women in charge (Put the women in charge, put the women in charge)
Put a woman in charge (Put a woman in charge, put a woman in charge)
Put the women in charge (Put the women in charge, put the women in charge)

The time has come
We've got to turn this world around (world around)
Call the mothers, call the daughters (call the daughters)
We need the sisters of mercy now
She'll be a hero, not a fool
She's got the power to change the rules
She's got something (something) that men don't have (yes we have)
She is kind & she understands

So let the ladies
Do what they were born to do
Raise the vibration
And make a better place for me & you

Hallelujah (Hallelujah) Hallelujah
We're gonna feel the magic
When the girls take over (take over)
It's gonna be fantastic! (We need more women in charge)
