

Brenton, Amanda, Lorraine

After Game Question Sheet

- 1) Meiosis is composed of two phases. State both phases of Meiosis.
- 2) In Meiosis 1, state each phase and briefly explain what happens in each phase.
- 3) For Meiosis 2, state each phase and briefly explain what happens in each phase.
- 4) When the nuclear envelope reforms in Telophase1, what happens to it in Prophase 2?
- 5) How many cells are formed after meiosis is complete?
- 6) Explain what these cells are called. (for example haploid, diploid, daughter, etc)
- 7) Explain the main differences between Meiosis 1 and Meiosis 2.
- 8) Explain the similarities between Meiosis 1 and Meiosis 2.
