

Course Overview

Unit Title	Unit Summary
<u>CHAMPS for Orchestra</u>	<p>In this unit, the students will be introduced to the orchestra handbook, classroom procedures, policies and routines. They will learn the appropriate ways to have Conversations during activities, get Help during class, what the daily Activity is, appropriate classroom Movement, active Participation, and what Success looks like in Orchestra.</p>
<u>Posture</u>	<p>In this unit, the students will review/learn how to put on a shoulder rest/extend the endpin, where to sit correctly on their chair, how to sit up straight, how to correctly hold their instrument with correct instrument and hand placements, correct pizzicato placement, and correct formal and informal rest positions.</p>
<u>Technique</u>	<p>This unit covers: bow hand technique, tone quality using different bow techniques and bow lanes, intonation adjustment, shifting practice and notations for shifting within music, cello extensions, bow techniques including slurs, hooked bows and staccato, vibrato, natural harmonics and half position.</p>
<u>Music Theory</u>	<p>This unit covers a review of reading and performing music and all notations including Time Signatures, Key Signatures, "Road Maps" (DS, al Coda, DC, 1st & 2nd endings etc.), Dynamics, Rhythms, music forms, tempo markings, and accents/sforzandos. It also teaches students how to compose basic rhythmic and melodic phrases using guidelines.</p>
<u>Ensemble Techniques</u>	<p>This unit covers choosing appropriate music for the ensemble's ability and curricular goals. The students will learn and practice performing with their ensemble on concert music and sight reading with an understanding of matching: intonation, cross-tuning and listening, dynamics, style, tone quality, and matching bowings/placement. They will also practice identifying and evaluating criteria for ensemble success.</p>
<u>Sight Reading</u>	<p>In this unit students will learn how to be successful sight readers by learning how to quickly identify signatures, tempo, accidentals, rhythms, style etc. They will also learn how to clap and count the piece of music out loud, and how to play through the entire piece without stopping all while staying with their ensemble. Students will practice identifying places in the music to add phrasing, and they will also be able to identify the melody and harmony.</p>
<u>Region Audition Process</u>	<p>This unit covers the teaching of the region audition process and includes:</p>

Orchestra - JH Non Varsity

	<p>independently using a tuner, active listening at the audition for instructions and excerpt markings, and remembering to bring all needed equipment with them to the audition. Students will also learn techniques to practice random excerpts correctly within the audition music.</p>
<u>Placement Preparation</u>	<p>This unit helps prepare students for auditions, specifically for their school orchestra placements. They will learn/review: how to sight read, their required scales, how to record and upload videos, demonstrating finger patterns, and correctly performing the required musical excerpts.</p>
<u>Solo and Ensemble</u>	<p>In this unit, students will learn how to successfully perform at the solo and ensemble contest. They will learn/practice: independently using a tuner, numbering their measures, what equipment they will need the day of, how to cue an accompanist or an ensemble, how to perform their specific music successfully, how to hire/schedule time with their accompanist and review their ensemble techniques.</p>

Standards for CHAMPS for Orchestra

Texas Essential Knowledge and Skills (TEKS)

- (1) Foundations: music literacy. The student describes and analyzes music and musical sound. The student explores fundamental skills appropriate for a developing young musician. The student is expected to:
 - (E) describe health and wellness concepts related to musical practice such as body mechanics, hearing protection, vocal health, hydration, and appropriate hygienic practice.
- (4) Historical and cultural relevance. The student relates music to history, culture, and the world. The student is expected to:
 - (C) identify relationships of music content and processes to other academic disciplines such as the relationship between music and mathematics, literature, history, and the sciences.
