syblynx

1: Who are you & what is your role, jobs, tasks of your role?

Hi!! I'm Syb, I'm a current School Trainer at Roter Fuchs Grammar school!

Working for almost 4 months has been a blast, what I believe my tasks are is to ensure staff and students are in good hands as I believe taking care of everyone should be one of the main priority towards this group! As I'm also a Training Assistant, I can say how happy I am when I get to help trainings as well!

2: What are some goals you want to achieve in this group, if you have any?

A goal I would like to achieve firstly? Memories I'd like memories with everyone, eventually growing in the group as I meet more people everyday is what I look most up to!

3: What makes this group an enjoyable experience?

The staff, and being a role model for students and new trainee's, it definitely always brightens my day up when I get to converse with staff members I know and love to talk to!

4: What made you want to apply for staff?

To be honest, the group I used to work at never really treated me well, hence I went searching for more! It took a while as I couldn't trust a lot of groups to my friendly demeanor. I found Roter Fuchs Grammar school to be my safe place, so many people I relate to, I really generally love school based groups, never knew it existed until I found Roter! #Proud to be a 🦊 !

5: What did you feel/what was your initial reaction when passing?

I was generally shocked, at the time I didn't have much good news for me, I was looking forward to passing so much that I would stay up even staring at the screen for hours, I couldn't believe I passed all I saw was "Amazing answers!"

6: What are your final words/notes for this interview? Anything you would like to say?

I'd like to say.. Is this real?? Buffalo. (Sof) John Pork is calling! that's real
