## Martin Luther King, Jr.

Hanan Farhat & Hawraa Saleh

[Martin Luther King Jr.](#) was a leader. He lived from 1929 to 1968. Americans honor him in January with a national holiday. King grew up in the southern part of the United States. At that time, laws treated African Americans differently from white people. African Americans were forced to sit in the back of buses. They also had to use separate bathrooms and water fountains. When King was older he worked to change those laws. As a result, equal rights laws were passed. Those laws provide the same rights to all Americans.

President Johnson signs the Civil Rights Act of 1964 into law. "This act...prohibited discrimination in public places, provided for the integration of schools and other public facilities, and made employment discrimination illegal. This document was the most sweeping civil rights legislation since Reconstruction."

Are you looking for a great movie? Well, I have got the movie for YOU...**ANNIE!** *Annie* is a wonderful story about a little foster child who needs a home. There are great songs and lots of adventure. Will Annie find a good home? Well, you have to go and find out for yourself.

Also, don't waste your time on *Into the Woods*. I hated it! Too long, boring and kinda scary.

## School Uniforms

**Medina Raichuni**

I think we should have school uniforms at Haigh School. I like to design clothes so I have come up with the perfect school outfit for girls. The top and skirt (or pants) will be blue and gold. The blue for

our school color and gold for the "golden rule". I hope you like it!

## Loyal Bazzi for Prez

**Loyal Bazzi**

I, Loyal Bazzi, promise to do what's right for everyone. Haigh School deserves a president. Maybe I could change Haigh in a good way. People's voices will be heard. This year, we've had some problems that I can fix. Everyone has the freedom of speech. You can trust me. I will be fair but truthful.

I will be needing a vice president and a chief mister. Vote for me, and you could be my chief mister or vice president. Come be a part of the executive branch. Be a good citizen. VOTE!

The best way to start Minecraft is to find a tree and hit it repeatedly until it breaks. Then make a shelter and a crafting table. After that you should start a mine for diamonds, emeralds, red stone dusk and iron. Next, start a farm in Minecraft so you don't have to go hunting. Also, this can be very beautiful, and you can build it any way you like so use your imagination.

Tip: Build your house on the spawn.
