

Planning Page for Project 1: Animated Comic Strip

Copy/paste your original comic here (or the link)

Static Specs:

How many sprites do you need?

Give each sprite a unique name. Write them below.

Give each sprite's costume a unique name. Write them below.

Please use the template below to name all sprites and their costumes. Add more as needed.

Sprite 1 :

Costume 1:

Costume 2 :

...

Sprite 2 :

Costume 1:

Costume 2:

...

Dynamic Specs:

Draw a flowchart/storyboard between the sprites. Each arrow models a broadcast between sprites. You may draw this in paint and paste it in, or hand draw it and take a picture of it. Insert the picture into this document below this line of text.
