

## Population Health and Inequalities Showcase - Programme

### Welcome and Introduction

#### Dr Sandra Husbands, Director of Public Health

Dr Husbands opened the event and spoke about the three C's - celebrate (celebrating progress and community initiatives), collaborate (collaboration as the key to success) and complexity (understanding the complexity of health inequalities).

### Session One: Drivers of inequalities & support to take action

- |                                          |                            |
|------------------------------------------|----------------------------|
| 1. Tobacco control                       | Jayne Taylor               |
