Meaning

In this kriti Lakhmana addresses Sita Devi

Whom do you think Lord Raghava is? Is it conscious on your part to utter what you said? Do you really know?

Even if an entire formidable army from eight directions attacks, my brother's little finger is enough to counter and turn them into smithereens

Can anyone else break the divine bow of Adi Rudran?

Even after knowing this fact because of the fault of your woman's mind, you hurt me

Oh Divine One does it bode well for you to test me thus

The Lord with only the twang of his huge bow the three worlds will crumble.

Whom do you think Raghavan is??
