Subject Line: The Secret behind the AMEX Credit Card Membership!

There is a Reason why almost every Billionaire uses the AMEX.

It's not because of the unlimited spending amount,

or because of the best security protection when it comes to stolen Things.

Think about it, Rich People only have 2 crucial ressources:

TIME and MONEY

And The AMEX Credit Card Membership saves both of them.

Earth shattering Moments can go either one of two ways. --- new

I am a multi-millionaire and it was my first time going to Vegas.

My Life and Business was about to take a Big Step forward, I had a Meeting with the Vice President of the biggest eCommerce Business in the World.

My Chauffeur picked me up and we drove to Vegas.

In the middle of the Trip, 2 Bikers were doing a Street Race right in front of us.
Suddenly one of the drivers drove too fast and lost Control, his Bike went under our Car and we had a Big Accident.

I got driven into the Emergency Station of the Hospital.
PLUS I lost all of my Baggage worth over 70k..

At the End of my Trip the damage costs were between 80-100 Thousand Dollars.
But I still got the Deal with the Vice President.

Luckily everything was covered by my AMEX Card!

When you look at your Money Situation, do you honestly think you made it?

Is it a man making millions and still having the time of his life, or are you making decent money but don't even have the time to wait for your next flight?

Someone that can buy his women everything in the world, spending the most ridiculous amounts of money and still not be bothered?

Or do you see a man thinking about everything that he buys and then still be in debt and get an email from his credit card company?

Here's the Thing,

Do you even think that you are rich and have unlimited money to do everything you want to do?

If you're tired of being concerned about getting your credit card stolen, checking in for hours for your flight or having thousands of dollars in your purse so some Homeless Man can steal it?.
