My 3rd Book "Report"

Remember to check with me what book you are reading before you start if it is not on my suggestions list!

And also, remember to try to enjoy your book when you read.

Andreas Palmblad

For your third book I want:

Either a short play (theatre) individually or as a group. Date:
OR
You write a new book report, just like you have done before. Deadline:

Presenting as a short play:

You don't have to write! (So much)
You take on the role as any character in your book where you solve a problem!
You decide how large audience you want (write a number).
You do it as a small group (max 4 people) or individually.
You should make sure that everyone has something to say and that the play is at least 3 min.

Situation examples

Individual (monolog): On the phone helping someone, inside your head hearing your thoughts.
Pair (dialog): Problem on the street, sad person on a bench
Small group (play): Stuck in an elevator, Traffic accident, A friend in need

Skolverket grading:

G: Eleven tillgodogör sig några samtidsromaner samt utdrag ur äldre skönlitterära verk.
VG: Eleven tillgodogör sig, kommenterar och jämför några samtidsromaner på engelska
MVG: Eleven analyserar hur texter på olika sätt anpassas till syfte och mottagare.

If you write a book report, refer to my previous guide on how to get G/VG/MVG.

If you present your third book as a play:

IF you did not get MVG on any of your two first reports I will ask you about agenda and target audience after your little theatre.
IF you did not get VG on your second book report and IF I feel that your play does not show the differences of the different people in the books I will ask you about similarities and differences.

When you meet all these criteria you will get the grade MVG on your short play.

Give this to me just before you show your play:

Your name Character Book

I _____ play as _____ from _____

I _____ play as _____ from _____

I _____ play as _____ from _____

I _____ play as _____ from _____

Short description of setting (if you want to):

You write this yourself on the whiteboard or write it in a powerpoint that you email to me before the presentation!

Give this to me today IF you plan to do a play:

How large audience are you comfortable with? Write a number: _____
Write "1" if you only want me to listen.

If you can guess now, how large do you think your group will be? _____

Let me know as soon as possible if you change your mind!
