2025-2026 Digital Tool Notice

Cyber Village Academy uses a variety of digital tools to support student learning. Technology vendors and software is utilized to support work as we help all students develop the skills necessary to succeed in an ever-changing world.

We have an inventory of our curriculum, testing, and assessment tools posted at www.cybervillageacademy.org/resources/ and include an outline of the student data elements within each tool. This list is maintained and communicated annually to all families at the start of the school year.

Please reach out to info@cybervillageacademy.org for additional questions regarding specific digital tools used in classrooms.

Sincerely,

Nicole Rasmussen, Director
Cyber Village Academy
