Stranger: *You're old.. Very old. Your ways still stand in the site. Occasionally questionable in your methods. They still work for the better.*

Tabby: *I respect you in the way you handle the site. A decent mix of direction for the people, yet not to morale like those ethical asses. I look forward to your tenure as Director. Unless you're still a catboy.*

Bluenose: *You tend to be confused and handicapped by your lack of information.*

Terminal Shit

Internal Affairs:

V: *You've had your times when you are too focused on ethics and morales instead of the work. Then I threatened to breach 682 on those Insurgents and you were cool with it.*
