Working Definitions

To foster a common understanding of the categories and content of the Implementation Plan and its annexes for effective communication and coordination of the joint actions of implementing partners, this section outlines key working definitions in the order of their appearance in the text.

Outcome is a desired quality change or benefit to the system of CRSV response and prevention that stakeholders intend to achieve. Outcomes are usually mid- or long-term results that contribute to the achievement of the overall purpose of the work under the Implementation Plan.

Challenge is an issue that needs to be addressed to achieve the desired change (outcome). It is frequently a major barrier on the way to the desired change.

Outputs are necessary milestones on the way to achieving outcomes. Outputs are frequently tangible and intangible products that result from activities. Outputs are direct immediate results associated with the delivery of the Implementation Plan.

Activities are actions of responsible government actors and their partners that are designed to deliver the desired change.

Indicator of Achievement is a quantitative or qualitative variable that provides a simple and reliable means to measure achievement or reflect the changes connected to the delivery of an activity.

Timeframe is the period of delivery of an activity. It should contain the start and end of activity implementation.

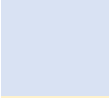

Budget is a financial estimate of resources required for the effective implementation of an activity.

Responsible government actors are government entities that implement activities towards the achievement of planned outputs and outcomes.

Contributing actors are civil society organisations and international organisations that deliver activities and/or help government actors implement activities towards the achievement of planned outputs and outcomes.

Colour Coding

To show how the Implementation Plan operationalises the Framework of Cooperation and aligns with Ukraine's national plans, strategies and programmes, a colour coding scheme is introduced and embedded in the text.

	Correspondence of IP outcomes to relevant paragraphs of the Framework of Cooperation between the Government of Ukraine and the United Nations on the prevention and response to CRSV
	Alignment of IP outcomes and activities with goals and activities of Ukraine's NAP 1325 by 2025

INTERAGENCY COORDINATION AND INFORMATION SHARING ON CRSV

Paragraphs of the Cooperation Framework: XVI. Elaborating further areas of cooperation as deemed necessary to enhance prevention and response to sexual violence								
A. Improved coordination of CRSV prevention and response work among the government, civil society and development partners	The IAWG unites key stakeholders involved in CRSV prevention and response, however: (a) some emerging actors supporting CRSV prevention and response are not yet members of the group; (b) not all members actively contribute to the work of the IAWG (take part in meetings, contribute to reporting etc.) and (c) the IAWG does not yet directly engage with survivors of survivors' networks through the perspectives of CRSV survivors are conveyed to IAWG members by service providers who come into contact with survivors.	A1. Strengthened capacity of the IAWG to effectively coordinate CRSV prevention and response work.	A1.1 Develop capacity of the IAWG as the national coordination mechanism to ensure prevention and response to CRSV.	1. The IAWG is the sole national coordination mechanism for comprehensive CRSV prevention and response in Ukraine. 2. The IAWG is recognised as the national coordination mechanism on CRSV prevention and response by key stakeholders in the area (government, civil society, international community).	June 2022 – December 2025		Office of the Deputy Prime Minister for European and Euro-Atlantic Integration Office of the Government Commissioner for Gender Policy	IAWG members
			A1.2 Maintain an updated record of the composition of the IAWG (including all relevant stakeholders contributing to CRSV prevention and response).	Number of active members of the IAWG (regularly contributing to IAWG discussions, monitoring of the Implementation Plan and annual reporting) (disaggregated by actor type – government, CSO, IOs, INGO – and activity level –national, regional, local).	June 2022 – December 2025		Office of the Deputy Prime Minister for European and Euro-Atlantic Integration Office of the Government Commissioner for Gender Policy	IAWG members
			A1.3 Engage CRSV survivors and/or their representatives in IAWG work (including technical or advisory groups) in line with established safety and ethical standards.	Share (%) of IAWG agreed actions adopted on substantial aspects of CRSV prevention and response in consultation with CRSV survivors (by pillar).	October 2023 – December 2025		Office of the Deputy Prime Minister for European and Euro-Atlantic Integration Office of the Government Commissioner for Gender Policy	IAWG members
Goals under the NAP 1325 by 2025: Operational goal 4.1. Establishing an inter-agency detection and response system that provides the conditions for comprehensive, timely protection and access to justice for survivors of gender-based violence and conflict-related sexual violence in situations of armed conflict								
CRSV prevention and response efforts are fragmented due to the absence of a relevant regulatory framework on multisectoral coordination. This reduces the effectiveness of CRSV prevention and response measures by individual actors and hinders the provision of comprehensive assistance to CRSV survivors and referral to relevant services.	A2. Improved multisectoral interaction and coordination of CRSV prevention and response efforts.		A2.1 Amend the Decree of the Cabinet of Ministers "On Approving the Procedure of Interaction of Actors Implementing Measures to Prevent and Respond to Domestic and Gender-Based Violence" to include multisectoral coordination of CRSV prevention and response.	The Decree of the Cabinet of Ministers "On Approving the Procedure of Interaction of Actors Implementing Measures to Prevent and Respond to Domestic and Gender-Based Violence" includes multisectoral coordination of CRSV prevention and response.	October 2024 – September 2025		Office of the Deputy Prime Minister for European and Euro-Atlantic Integration Ministry of Social Policy National Social Service Ministry of Internal Affairs National Police Ministry of Health Ministry of Justice Coordination Centre for Legal Aid Prosecutor General's Office (by agreement) National School of Judges (by agreement) Security Service (by agreement)	UN Team of Experts on Rule of Law and Sexual Violence in Conflict (OSRSG-SVC) UNFPA UN Women EUAM JurFem IAWG members
			A2.2 Develop a procedure for continuous multisectoral coordination of CRSV prevention and response work by government actors, civil society and development partners at all stages (including provision of assistance and reparations to CRSV survivors) at the national and subnational (regional and local) levels.	A procedure of continuous multisectoral coordination of CRSV prevention and response work by government actors, civil society and development partners at all stages is developed and endorsed for use by relevant stakeholders at the national and subnational levels.	September 2025 – December 2025			
Paragraphs of the Cooperation Framework: VIII. Establishing the Monitoring, Analysis and Reporting Arrangements on conflict-related sexual violence as outlined in paragraph 8 of Security Council Resolution 1960 (2010) to ensure the systematic gathering of accurate reliable and objective information on conflict-related sexual violence, including the documentation of particular crimes, to ensure timely action to prevent and respond to this crime								
Goals under the NAP 1325 by 2025: Operational goal 4.2, Task 36. Ensuring systematic monitoring of the response system to address gender-based, conflict-related sexual violence and trafficking in persons

Country-level monitoring, analysis and reporting arrangements are strengthened in accordance with UN Security Council Resolution 1960 (2010). 2. The UN Working Group on CRSV (MARA) is regularly convened to review information, monitor and verify incidents of CRSV, analyse data, trends and patterns, prepare reports, and build capacity to strengthen MARA. 3. Regular reports of the UN Working Group on CRSV (MARA) are transmitted to the Resident Coordinator and the SRSG-SVC through agreed reporting channels.	November 2023 – December 2025		UN Country Team OSRSG-SVC OHCHR UNFPA	
		There is no unified approach to collecting data on CRSV by national CRSV prevention and response service providers.	B2. A unified approach to ethical, gender-responsive, trauma-informed CRSV data management is adopted.	B2.1 Develop guidelines and forms for collecting data on CRSV by service providers.	Guidelines and forms for collecting data on CRSV by service providers are developed (by specialisation and type of providers).	April 2024 – October 2024		Ministry of Social Policy National Social Service Prosecutor General's Office (by agreement)
The actors involved in addressing CRSV and TIP lack an analytical tool to identify		B3. The mechanism for detecting early-warning signs of CRSV and TIP is introduced.	B2.2 Hold interagency workshops on collecting, storing and reporting data and information on CRSV for the staff of relevant departments managing CRSV prevention and response.	1. Share (%) of the staff of departments managing CRSV prevention and response activities who completed the interagency workshop on collecting, storing and reporting data and information on CRSV (disaggregated by agency, gender and age). 2. Share (%) of the trained staff who demonstrate increased knowledge of collecting, storing and reporting data and information on CRSV upon completion of the workshop (disaggregated by agency, gender and age). Paragraphs of the Cooperation Framework: XII. Engaging and supporting civil society organizations, including those working on women’s rights, child rights and other human rights issues, youth, and women human rights defenders in preventing and responding to sexual violence including facilitating the return and reintegration of survivors and their children								
C. Increased sensitisation on CRSV in Ukraine	There is little awareness of CRSV prevention and response work within Ukrainian society. Thus, many actors who could contribute to CRSV prevention and response system are unaware of national efforts in this area. Insufficient awareness leaves many survivors and witnesses unaware of protection measures set up in Ukraine.	C1. Increased awareness of CRSV prevention and response work in Ukrainian society.	C1.1 Conduct workshops for media outlets from across the country on the survivor-centred, safe, sensitive, gender-responsive, trauma-informed and ethical reporting of CRSV.	1. Number of media specialists trained on the survivor-centred, safe, sensitive, gender-responsive, trauma-informed and ethical reporting of CRSV (disaggregated by media outlet, outlet coverage – national and regional – and gender, age, specialisation of trainees). 2. PILLAR 2: PROVISION OF COMPREHENSIVE ASSISTANCE TO SURVIVORS OF CONFLICT-RELATED SEXUAL VIOLENCE

Pillar 2 is co-chaired by the Office of the Deputy Prime Minister for European and Euro-Atlantic Integration, the United Nations Office of the Special Representative of the Secretary-General on Sexual Violence in Conflict and UNFPA

Paragraphs of the Cooperation Framework: I. Supporting the development and/or strengthening of national policies and programmes on prevention and response to conflict-related sexual violence to enhance protection

Goals under the NAP 1325 by 2025: Operational goal 4.3, Task 37. Developing a mechanism to ensure effective and timely assistance to survivors of gender-based violence, in particular victims of conflict-related sexual violence, including victims (and potential victims) of human trafficking									
2.1 Mechanisms of comprehensive response to CRSV are established at the national and subnational levels	The legislation is not fully in line with the internationally recognised standards to ensure full-fledged protection, survivor-centred, multisectoral and comprehensive response to CRSV.	2.1.1 Strengthened legal and policy framework on CRSV prevention and response.	2.1.1.1 Review and harmonise national legislation with the Council of Europe Convention on preventing and combating violence against women and domestic violence (Istanbul Convention).	Number of laws/bylaws amended in line with the provisions of the Istanbul Convention (covering such aspects as improved standards for service provision, enhanced referral pathways, expanded list of service providers).	June 2022 – December 2024		Ministry of Social Policy National Social Service Office of the Government Commissioner for Gender Policy Parliament Ministry for Internal Affairs Ministry of Health Ministry of Justice	UNFPA Council of Europe UN Women JurFem	
		Efforts on CRSV prevention and response are fragmented at the national and subnational levels.	2.1.2 Improved capacities of government actors to lead an effective CRSV prevention and response.	2.1.2.1 Develop and endorse policy guidance for authorities at subnational (regional and local) level on CRSV prevention and response work.	Policy guidance for authorities at subnational (regional and local) level on CRSV prevention and response is developed and endorsed.	June 2023 – February 2024		Office of the Deputy Prime Minister for European and Euro-Atlantic Integration Office of the Government Commissioner for Gender Policy Ministry of Social Policy	UNFPA GBV Sub-Cluster EUAM Dr Denis Mukwege Foundation
				2.1.2.2 Develop comprehensive training programme (course) on CRSV prevention and response for civil servants and officials at the national and subnational levels.	1. Comprehensive training programme (course) on CRSV prevention and response for civil servants and officials at the national and subnational levels is developed. 2. Share (%) of civil servants and officials who completed the comprehensive training programme (course) on CRSV prevention and response (disaggregated by gender, age, specialisation, agency, and region). 3. PILLAR 4: STRENGTHENING CAPACITY OF SECURITY AND DEFENCE SECTOR¹ TO PREVENT AND COUNTER CONFLICT-RELATED SEXUAL VIOLENCE

Pillar 4 is co-chaired by the Office of the Government Commissioner for Gender Policy, the United Nations Office of the Special Representative of the Secretary-General on Sexual Violence in Conflict and PROTECT Programme

Paragraphs of the Cooperation Framework: XI. Strengthening the capacity of the security and defence sector to prevent sexual violence through specific action plans by the military, police, border guards and other government security and defence forces including the development/reinforcement of 'zero-tolerance policies' for sexual violence; issuance of Command Orders prohibiting such crimes and establishment of related enforcement and disciplinary procedures; and training of the military personnel at all levels including military justice officials as outlined in paragraph 10 of Security Council resolutions 2106 and paragraphs 1 and 2 of resolution 2467

Goals under the NAP 1325 by 2025: Operational goal 4.2, Task 34. Introducing amendments to existing legislation in terms of combating gender-based violence in accordance with international standards								
4.1. A zero-tolerance policy to sexual violence is adopted in the security and defence sector	Legislative and regulatory framework of security and defence sector does not establish sufficient measures for prevention of sexual violence.	4.1.1. The mechanisms for preventing sexual violence in the security and defence sector are enhanced, in particular by means of criminal/disciplinary mechanisms.	4.1.1.1. Amend the criminal laws in order to distinguish between criminal and disciplinary liability.	Distinction between criminal and disciplinary liability is introduced in the legal and regulatory framework.	October 2022 – December 2023		National Police Ministry of Internal Affairs National Guard	Women's Information Consultative Centre
			4.1.1.2. Determine specific types of actions/offences considered to be CRSV that result in criminal/disciplinary liability.	A list of types of actions/offences considered to be CRSV that result in criminal/disciplinary liability is developed and integrated into the legal and regulatory framework of the security and defence sector.	October 2022 – December 2023		State Border Guard Service State Emergency Service Prosecutor General's Office (by agreement)	
			4.1.1.3. Amend the Disciplinary Statutes of the National Police, other security sector institutions, and the Armed Forces to prevent any cases of discrimination, sexual harassment and sexual violence, to establish criminal/disciplinary liability, and to formalise the response of commanders when their subordinates are suspected of discrimination and sexual harassment.	The Disciplinary Statutes of the National Police, other security sector institutions, and the Armed Forces are amended to include clear mechanisms of prevention and response to CRSV in the security and defence sector.	August 2023 – February 2024		National Police Ministry of Internal Affairs National Guard State Border Guard Service State Emergency Service Prosecutor General's Office (by agreement) Ukrainian Parliament Commissioner for Human Rights (by agreement)	
	The statutory documents of the security and defence sector institutions do not have provisions on prevention of CRSV and special protection of women and children in accordance with international humanitarian law. The rules of conduct and the orders of the command on ban of CRSV have not been widely disseminated.	4.1.2 Adherence to the rules of international humanitarian law by military personnel and staff of the Armed Forces in terms of protection from and prevention of CRSV is ensured.	4.1.2.1. Amend Order of the Ministry of Defence of Ukraine No. 164 of 23.03.2017 to incorporate information on prevention of and response to CRSV committed against the civilian population by military personnel of the Armed Forces of Ukraine and special protection of women and children in line with norms of international humanitarian law.	Order of the Ministry of Defence of Ukraine No. 164 of 23.03.2017 is amended with provisions on prevention and response to CRSV and aligned with international humanitarian law provisions regarding special protection of women and children from CRSV.	September 2022 – June 2024		Ministry of Defence General Staff of the Armed Forces State Border Guard Service National Guard Prosecutor General's Office (by agreement)	
			4.1.2.2. Develop and disseminate clear orders of the command that ban all forms of CRSV and ensure due responsibility of perpetrators.	Clear orders of the command that ban CRSV and provide for no impunity or amnesty for CRSV committed are developed and issued for the staff in the security and defence sector.	September 2022 – December 2023		State Border Guard Service National Guard Prosecutor General's Office (by agreement)	

¹ According to the article 12(2) of the Law of Ukraine "On the National Security of Ukraine", the security and defence sector of Ukraine includes: Ministry of Defence of Ukraine, Armed Forces of Ukraine, State Special Transport Service, Ministry of Internal Affairs of Ukraine, National Guard of Ukraine, National Police of Ukraine, State Border Service of Ukraine, State Migration Service of Ukraine, State Emergency Service of Ukraine, Security Service of Ukraine, Anti-Terrorist Centre at Security Service of Ukraine, Court Security Service, State Security Office of Ukraine, State Service for Special Communications and Information Protection of Ukraine, Apparatus of the National Security and Defence Council of Ukraine, intelligence agencies of Ukraine, the central executive body that ensures the formation and implementation of the state military-industrial politics.

² Reparation is the process through which the harm experienced by survivors is acknowledged and recognised. The right to reparation is recognised in the *Basic Principles and Guidelines on the Right to a Remedy and Reparation for Victims of Gross Violations of International Human Rights Law and Serious Violations of International Humanitarian Law* adopted by the UN General Assembly in 2005. Reparations are the different forms in which reparation may be realised. These forms include restitution, compensation, satisfaction, rehabilitation and guarantees of non-repetition.
