About the University:

Paradis University is a small, gated, private university that is located discreetly on a heavily forested island. The student body, while small, is diverse and internationally broad. While the university boasts high academic and athletic achievements, not everything about the university is bright. Rumor has it that something sinister may be happening among the faculty but no one knows the truth. **For now.**

University Rival (sports/academics): Marley Titans

Three dorms:

Dorm Maria is a co-ed freshman dormitory. Unlike the other dorms there is a strict no alcohol policy and curfew, 9pm on weekdays and 11pm on weekends. If you're caught out past curfew administrative actions will be harsh and swift.

Dorm Rose is a co-ed for academic sophomores and juniors. Rooms are either singles, doubles for quads. Alcohol is allowed if the person is of drinking age (18) but absolutely no overnight women visitors. Curfew is 1am on weekends and 11pm on weekdays.

About the Rivals:

Throughout the decades Marley University has been Paradis University's biggest opponent. Unlike Paradis, Marley is a large, heavily populated university. During rival games it shouldn't be a surprise to have a rogue member of Marley's student body defacing Paradis property or worse. This rivalry is tense and often results in unwarranted violence from sports fans or the random drunken infiltration.
