

Supply list for the Patchwork Illusion Workshop with Paul Leger

Please plan to arrive 30 minutes prior to workshop start (i.e. 9am) to set-up so that everyone is ready to start on time.

ALL Fabric, templates, handouts, etc are provided as part of the workshop fee

Here is the supply list for the Patchwork Illusion workshop that each student should bring.

- Sewing machine, with the correct power cords and foot pedal
- Pins
- Seam ripper (in case)
- Scissors (small)
- Small ruler
- Rotary cutter (the smaller the rotary cutter the better, I like using a 18mm or 28 mm)
- Cutting mat (12" x 18" will work but bring what you have). If it is a BIG mat, then maybe some can share. If you have a rotary cutting mat, you may wish to bring it.
- Different colored pencils (markers, or crayons, etc.)
- Pencil
- Paper
- And any other supplies that one likes to use while sewing

Extension cords and power bars are provided by OVQG, along with 1 iron and 1 ironing board per 4/5 participants - if you wish, you can bring your own iron and ironing board as well.

This is an all day workshop so please plan to bring your own lunch.
