

Brightspace Import from Question Library

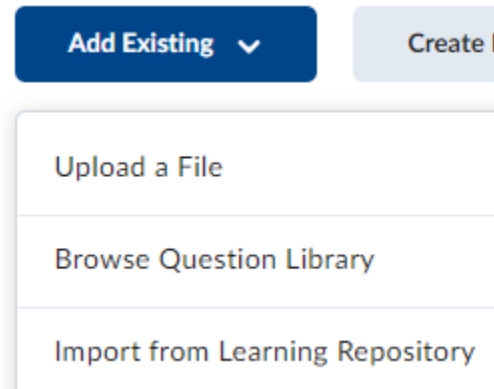

A Brightspace Tip
[GIF Tutorial](#)

1. Select Add Existing and Browse Question Library or Import from Learning Repository.

Note: Question Library only gives you access to your sections and questions.

The Learning Repository will give you access to shared resources on a LOR accessible to your school, grade level or content area.

Browse Question Library

Import from Learning Repository

2. Choose a Section or Question.

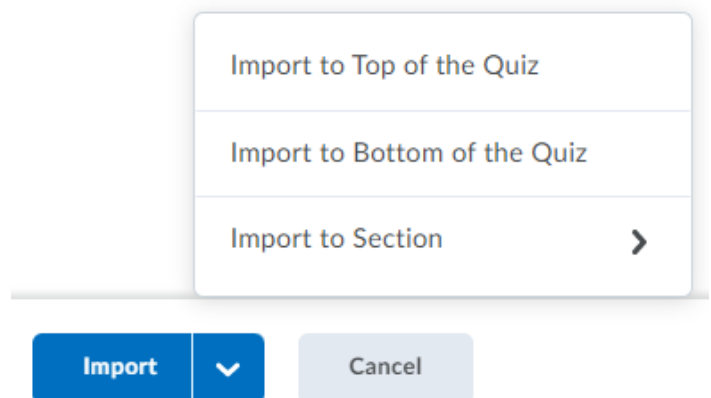

Note: If a section is chosen, the section and questions within the section will also be selected and added to the quiz.

▾ ☒ Section 3

☒ This is Question 3

3. Once all questions are selected choose Import to add them to the quiz.
