

Mango Tango SCRIPT WRITING / IDEAS / MANAGER Application!

NOTE: This is probably a full-time position, and you will be compensated accordingly if selected.

To Apply:

Copy the application into an email and fill it out to the best of your ability, with proper spelling, grammar, punctuation, and capitalization! Then send the email to roleplayapplications@hotmail.com!

Do YOU think you have what it takes to be a Script/Outline Writer and/or Manager for the MangoTango team?! If so, great! We are currently looking to expand and hire new people to help with creating new original content!

Our requirements are as follows:

- You must be 16 years of age or older! (Can make a few exceptions if you demonstrate talent/enthusiasm)
- You need a pretty open schedule (or be able to have an open schedule.) This is a full-time position, so you will be expected to “work” many hours each day.
 - You need to at least have some experience with roleplaying / improv / script-writing / organizing in general. Mango will be able to help you along the way, but he cannot teach you from scratch how to do everything with set-up for his videos..
- You need to have knowledge of Minecraft / Roblox and Mods. Every series we do in Minecraft uses mods, so you will need to be familiar. Also, familiarity with YouTube and other videos games in general is a PLUS!

If you are interested in applying for one of these positions, you will be expected to do the following...

SCRIPT WRITER / IDEAS TEAM -

- Be able to write entertaining/funny machinimas/outlines/scripts for different roleplay series after Mango sends you a general idea of the events that will happen in the episode you are writing for!
- Have a pretty good idea for how the different characters in Mango’s series act, and how they interact with other characters / what their traits are.
- Make sure the episodes you are writing for have a fast pace, with lots of moving around and action/comedy. (While Mango and co-actors usually improv most of the things they say, it’s important to have a main beginning, middle, end, and some funny scripted stuff to make sure things don’t get stale!)

- We will send you outlines for previous videos that Mango has already recorded and uploaded, so you will be able to watch through while reading through the outlines to see how exactly the words on the page are translated into videos.
- Be on the lookout for new games/movies/shows/ideas that could potentially be re-created into Minecraft/Roblox for an EPIC new Roleplay series and help brainstorm how to be able to re-create this “idea” into Minecraft/Roblox while still having it’s own unique twist to keep it original, and not just a re-creation.

MANAGER (Script Writer can/should be a Manager too) -

- Organize and Train body actors to be able to improv type/act as the characters they want to play as in an accurate and quick manner. (Not just a robot saying lines. Make sure the actors’ character is lively and acts how their character would act) -
- Should be able to body act as most characters (will be assigned more difficult role(s).)
- Assign roles to actors and make sure they are set up with the proper Minecraft nicknames, skins, sizes, locations and know how to play the character they are playing as in that particular episode. (Also make sure they are familiar with the script in each episode so they know what they’re doing at specific times in the recording and are ready to go at the start of a recording.)
- Assign build projects to the build team for different roleplay series. (also maybe help build and/or give a brief overview/outline for how the build should look!)
- Be on the lookout for new games/movies/shows/ideas that could potentially be re-created into Minecraft/Roblox for an EPIC new Roleplay series and help brainstorm how to be able to re-create this “idea” into Minecraft/Roblox while still having it’s own unique twist to keep it original, and not just a re-creation.

If you understand what will be expected from you for each position, and you do meet all of the requirements, please feel free to apply! But if you don’t meet them, PLEASE DO NOT APPLY. We don’t want to have to sift through a bunch of applications that are just 12 year olds who really want to be in a MangoTango video.

Now, onto the application!
