

## Ts & Cs for the Rise referral program

We are excited to share the introduction of the Rise referral program.

If you refer one or more schools - Bursars, Principals or Admin Staff - to the Rise school management program **and they join the program**, there is a referral fee in place.

**A Rise referral pamphlet** will be provided to you. It can be shared with your contacts via What's app, Facebook, Telegram, email or any other channels of your choice.

Sharing the pamphlet **serves as a proof** that the school was referred by you and will entitle you to a referral fee and them to a discount, should they decide to join the Rise program.

A referral fee structure works as follows. One referral fee for every school referred. For example, **if you refer a school and they join the Rise program**, the referral fee structure will apply as follows:

Option 1: your school will be eligible for a 7% discount off the next annual subscription fee

Option 2: R500 payment to the referee paid to the referee directly via EFT

Should you go for the first option - a 10% discount off the next annual subscription fee. An official confirmation on the Rise letterhead will be emailed to you within a 7 day period after the settlement date of the school that you have referred.

Should you go for the second option (R750 referral fee paid directly to the referee), the referral fee gets paid within a 7 day period after the settlement date of the school that you have referred to and upon the provision of your bank account details.

If you refer more than one school, a stipulated above referral fee will be awarded for each referred school.

Should you have queries or questions, kindly email them at [info@risebiz.co.za](mailto:info@risebiz.co.za)
