

ANNOUNCING A NEW EQUESTRIAN TERROR CORPS COMPILATION ALBUM:
DERPY'S SHITCORE EXTRAVAGANZA!!!

THEME

This is an April Fools' album themed around Derpy Hooves! The idea is to make a track as if Derpy is helping you mix and master it (EQing way off, sounds louder or quieter than they should be, desynced melodies, that kind of stuff). We're asking for BAD tracks! The worst you can produce! Go crazy, go stupid! Step out of your comfort zone and have some fun with it. Shitposts and, as the title implies, Shitcore is what this album's all about!

We're aware that producing purposefully bad tracks is not going to be everyone's cup of tea, so we're also going to be accepting tracks that aren't shitposts, but still have generally weird themes or production to hopefully allow more people to participate. So silly, jarring, funny, and avant-garde tracks that have serious production will also work for this album!

If you'd like some audio inspiration, give the April Fools' album Crapbeat and Ponut Pulse released last year a listen: [Pickle Rick Corps](#)

GENRES

We accept any genres under the electronic Hardcore umbrella, this includes: Gabber, Schranz, Speedcore, Breakcore, Terrorcore, Mashcore, Dancecore, Frenchcore, J-core, Doomcore, Lolicore, Splittercore, Extratone, Power Noise, Uptempo, Crossbreed, Industrial Hardcore, Flashcore, Hardtek, Acidcore, etc.

And for this album in particular, there's a heavy emphasis on Shitcore. Hardstyle is okay too as long as it's raw as fuck.

Also we generally don't accept Happy Hardcore because it's not really the style of Hardcore we're looking for, but if it's mixed with one of the genres mentioned above it could work.

We're aiming for grittier and distorted stuff that's higher tempo and generally more heavy on the instrumentation as opposed to regular EDM.

HOW TO SUBMIT

There are two ways to submit tracks:

1. Send an email with a download to your track to equestrianterrorcorps@gmail.com
2. Send your track to DA4H#6626 or drwasup#9377 on Discord

Make sure your track is in .wav format or any other lossless file type when you submit. Also specify your track is for Derpy's Shitcore Extravaganza!!! in the email or message!

The maximum number of submissions per person will scale based on how many total submissions we receive, so feel free to submit as many tracks as you'd like. We'll let you know if we feel like your tracks are starting to take up too much album space.

DEADLINE

The deadline is March 31st and the album will be released on April 1st!
