

Because of recent events regarding Dexonic, I thought it would be best to take all of the screenshots and stories I used and compose them into this document so that everyone can see how much of a scumbag he is.

If there are screenshots of yours that you wish be taken out please dm me on twitter @pawhgang and I will remove them!

Desperation

-

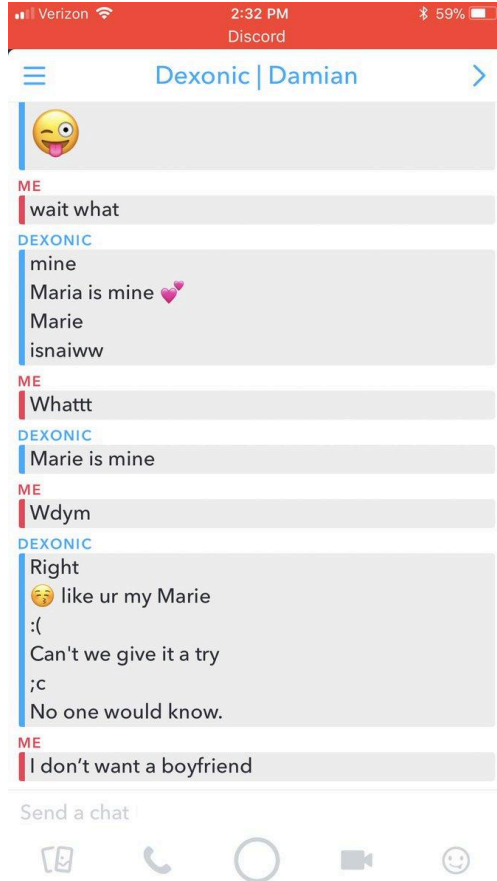

These photos show how desperate Dexonic can be.

There will be a line to separate screenshots so you know what goes together.

-

The two below are of Dexonic's trying to get with @MariePizza_ who was 12 at the time (Dexonic was 16).

-
This convo was with
@avaqueenxx

Who has confirmed that she was 12 at the time. Included with this picture are two Screenshots of her telling @Jcksn that she was Forced to send inappropriate pictures or Dexonic would Release personal info.

Here are some screenshots of his
Just being straight up desperate.
I'm not 100% sure who this was with or what goes with what, so
They will all be together.

This is a convo with @kmscarly:

Here are pictures of his trying to get this girl
To date him:

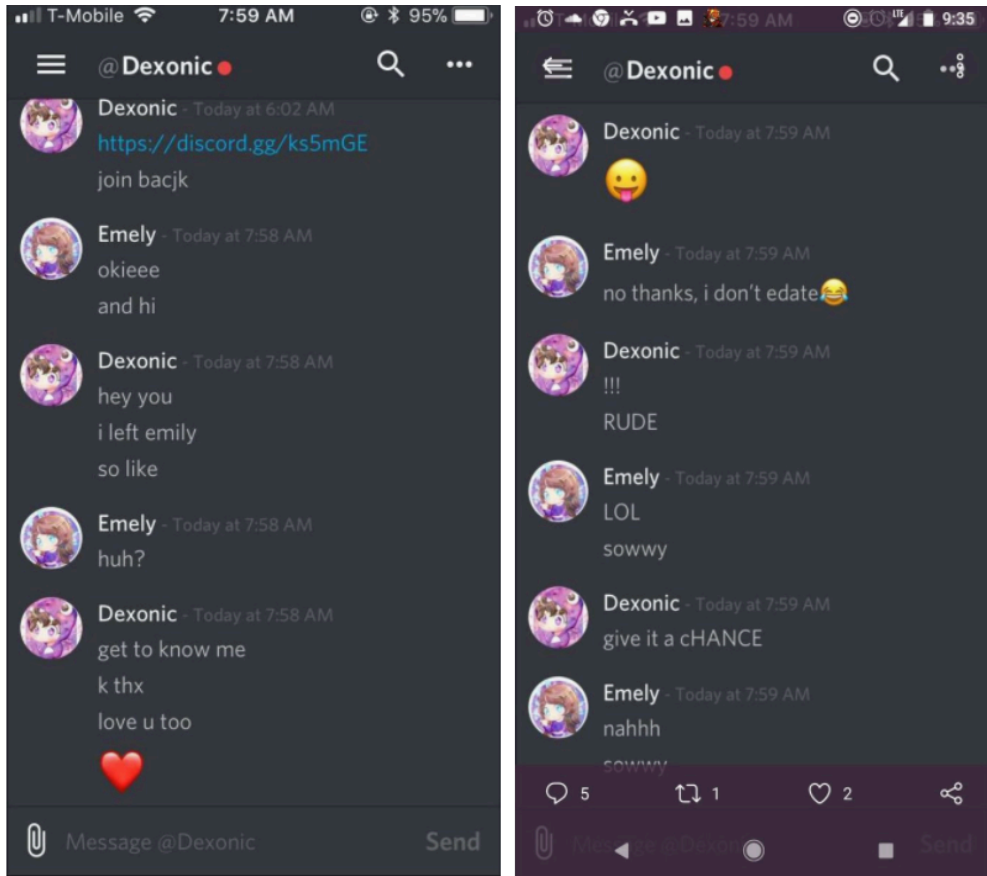

And another one:

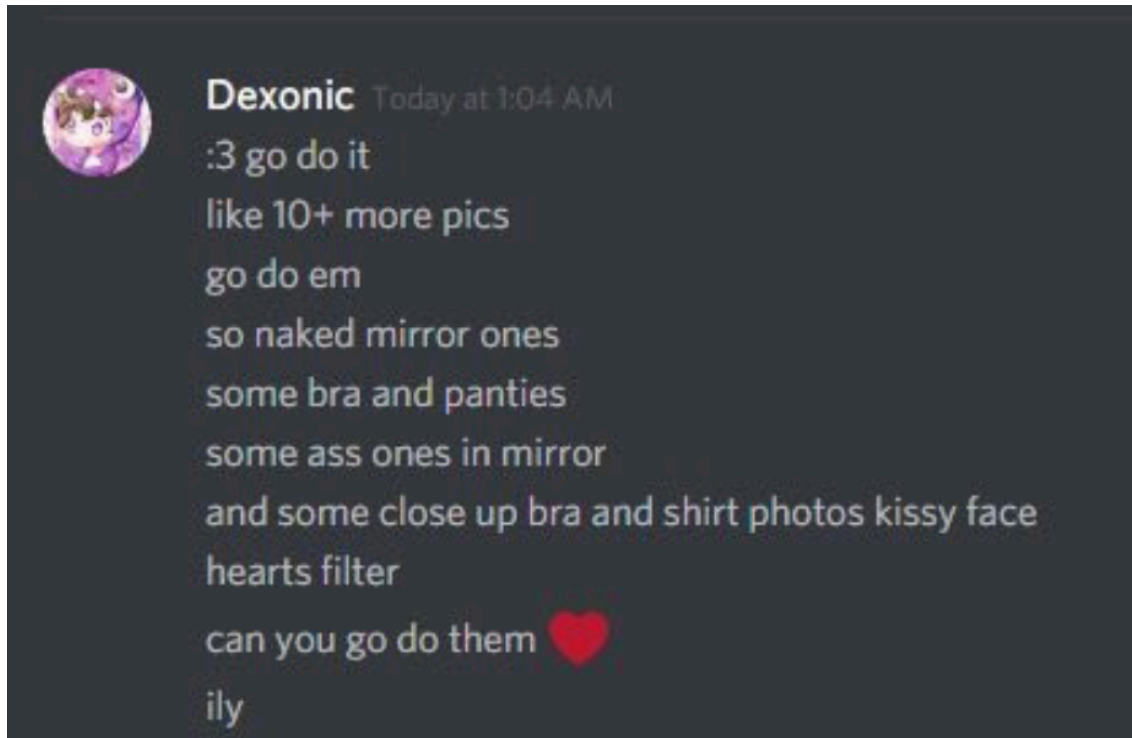

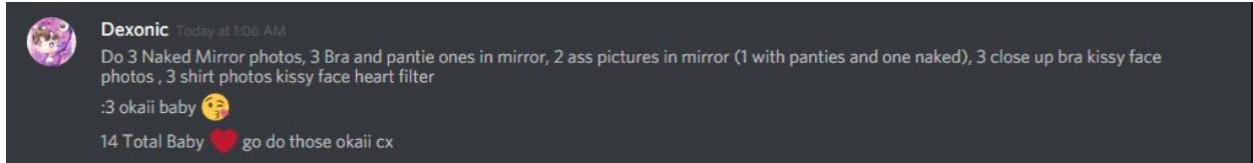

Further examples of how desperate he can be:

Lastly, I am going to have the most known screenshots of him.

I don't have much to say other than that they were sent to a 12 year old girl.

If anyone else would like to add to this, feel free to DM me on twitter @pawhgang. I would also like to say that I am sorry to any girls who were hurt by this boy, and I hope that each of you knows that he is wrong for threatening you and everything. Just know you are not at fault in any way.

Special thanks to <https://twitter.com/Jcksn> who has been calling this boy out and helping girls hurt by him.

-

My personal story with him started back when I was an Admin on Faithful, and he was a partner. I was doing support rooms one night around Halloween in 2017 when a kid no older than 11 joined. He was told that if he gave Dexonic money, he would get in-game items. When I found that out, I went through all his recent commands and saw that he was asking many players in /msg if they would give him money. Not only that, but he was also messaging a girl and roleplaying with her. When I saw this I went to Momo, who was the Staff Manager at the time, and he blacklisted Dexonic from the network.

Response..

I don't know where to start this..

Did not originally plan on making a response but I got asked to by a lot of people so I am here doing it anyways. I did ask for the nudes from Ava, 13 years old but that was a wrong doing of me as most of my actions.

That was mentally wrong and possibly illegal, I do not deserve anything but the bad attention I am receiving for my actions.

Also the money situation, I asked multiple people and begged on streams and dms for money from a lot of people that I can't even count, I am not saying I won't ask for money as I don't want to put out another lie.

I deadass will stop the girl / egirl / girlfriend shit as that is mentally retarded for anyone especially myself as it has been going on for over a year and that is just to far none the less.

Lots of people have accused me of subbotting / viewbot / being on a sub bot website but I can honestly say I do not use bots on my Youtube or Twitter Accounts nor any other accounts I have ever owned, the worst thing sub / video related I have done was on my iDabloader channel where I spammed people's comment sections to gain subs

I have done a lot of giveaways and would say I will stop when I know I would not actually stop, if i get invited to one I like to help advertise it to help out my subs without the ability to get the idea we are giving away, and i'm just going to be completely honest so I do gain subs off of it and I am not going to not admit that.

I do not suggest trying to defend me as my actions where wrong and shouldn't be forgiven so I do not want anyone defending me (only to certain people that where defending me).

I removed the videos on my channel to avoid further making fun of myself and anyone that has been associated with my channel / friend group, they do not deserve to be attacked for my actions.

I will never be fully forgiven for any of these things I have done and I accept that but I am trying my best to change..
