

FVTO Journal

This is where all journals are kept. Some contain past characters from similar settings or characters who had never had the limelight or the chance to shine in any roleplay whatsoever.

These journals can be found from the Torn Streets onwards and some are won in challenges or by successfully beating a replica in casino games, should it be Blackjack, American Roulette, Craps or Three Card Poker as well as traditional games such as Chess. Some journals are more common and can be found in obvious places. Just make sure you don't go all out.

The ones in gold are rare journals and they're tricky to get. The ones in bold have already unlocked their journal, so congratulations... Oh, and if the journal is locked and highlighted red... That means you've failed to reach the requirement(s).

Arc I Journals

1. Ron Yim (Part 1) (Obtained in the Road of Memories. It should be behind the Alternate Portsmouth image. Defeating the Immortal Cyborg WON'T get you this journal.)

14. Kane Underwood (Obtained in Gnorfiend, one of the additional locations after going through the Empty Space. Kane himself should show you where his journal is but it's rare.)

16. James Barker (Obtained in the Road of Memories. It should be behind the Daedalus College image.)

17. Meguri Nightingale (Obtained by encountering fifteen Alternate Woeful Witches. **Note:** This replica is rarer than the others.) (Encountered: 0)

18. Tetsuya Kousaka (Present from the very beginning.)

"I was born in a beach house opposite the Singing Waterfalls. Normally, you would have to swim three-hundred kilometres to get there but I have a raft packed at the back of my shed but... I forgot to bring it. My forte is always water and that conducts electricity so it would help others with Thunder or Electricity as their strong point."

"Ever wondered why I could swim underwater? Self taught, that's probably why. So far, I had killed fish, sharks and replicas alike. Never killed data yet since they are computer-generated. As far as I could hear, they're strong. Very strong."

"What would I do if I had 365 days to survive in tough situations? I'd cry right...? Wrong."

"I just had to stay strong and hope for the best, you never know what's gonna come up to you until you witness it for yourself."

"I'm a survival native, so therefore I am an expert. I've learnt all the survival skills that I needed to know, all my life. I was born with the knowledge of survival. Nothing gets me more prepared than having to go out in the wild, especially if I have to fight alone, everyone would recommend against it, but no one gives a fuck. I just go and get the hell on with it"

"I just hope you enjoy having me around. At the end of the day, there's no point in chickening out. Not anymore, anyway... I can't accept any of this bullshit fate than to keep on going. If anyone asks you to back down because it's dangerous, chances are they're either lying or just plain fucking lazy."

"Well, that's the end of my entry. Good luck hunting for other journals!"

19. Rin Walker (Collect ALL other journal entries belonging to FVTO-exclusive characters.)

20. Alexander 'Exodia' Ryder (Obtained in the College Courtyard, hiding somewhere inside the college.)

21. René Delacroix (Defeat one Extreme Difficulty Replica and one Extreme Difficulty NetMonster.)

22. Ferris Jackson (Obtained in the Road of Memories. It should be behind the Gnorfiend image.)

23. Michele Lusterino (Part 1) (Obtained by defeating three types of Security Node NetMonsters.)

24. Tesabilty Black (Obtained by defeating five types of Security Node NetMonsters.)

25. Gemini Rivetter (Present from the very beginning.)

Hm, interesting. These 'entries' allow for a way to completely shatter the supposed 'barrier' between the puppeteers of the 'roleplay' and the puppets that are strung along within it.

Oh, none of you readers know what the barrier that this 'Fourth Wall' is. Pity, there is much to learn beyond the unfortunate limitations of awareness, including the fact that **none of you are actually real**, but anyway...

Feeling creeped out around me? You should be. I am a demon after all, though I am sadly bound from being allowed to intentionally 'kill' any of you...as if you're really alive to begin with. However, I will not care at all if any of you walk within the path of my Light of Ruin, since it will be your own fault if you die from them. I am also a replica in a different sense, which means you won't be seeing any of those *pathetic* monochrome duplicates try and mirror my appearance and abilities.

Trust me, I've *seen* the makers of this cruel world you're in try to do such with my own eyes. Any attempted replicas of myself have exploded from the overload of power. There may be another that you may see that looks similar to myself, however...even I don't know for sure...

~~(Added note: A warning to any reading this entry, Gemini is just as likely to help you as he is to screw you. Always be wary when around him...and even when you are not.)~~

Arceus-dammit, Michele, did you *really* need to add that part?

~~(Yes, yes, I do. You're a dangerous little shit.)~~

...I will not dignify that response with anything beyond this.

26. Rianna Behan (Obtained after visiting the College Courtyard twice.) (Visited: 0/2)

27. Celina Behan (Obtained by defeating her silhouette. You will have to snatch it off her using HER weapon. You CANNOT get this journal elsewhere.)

28. Chloe Summers (Obtained by stealing the following weapons from the following replicas: Forbidden Blacksmith, Misunderstood Thief and Nightmare Gunblader.)

29. Bonnie Marchant (Obtained by defeating her silhouette BEFORE she casts Doom on the leading character. **Tip:** Do NOT take too long killing her, she may only have 125k HP, but she can regenerate her health every second.)

30. Kotarou Shiiba (Obtained in the Road of Memories. Walk to the end of the road but DO NOT leave yet. You have to wait for about three minutes before the journal shows up. If you leave for the Empty Space within that time, the journal will dissipate. You CANNOT get this journal again elsewhere.)

31. Chloe Sweeting (Can be won by beating an Alternate Isolated Emperor in a game of Expert Version Blackjack. This must be done by following the victory conditions as well as getting an extra Blackjack in a row. You CANNOT get this journal elsewhere.)

32. Hiirou Toshirou (Obtained by defeating a total of 200 Bloodlust Manipulators. Alternatively, you can pay a visit to Doc Boo's tombstone during the fight with one of the Immortal Cyborgs; The journal will be delivered the following day.)

33. Kenji Uchigaya (Obtained in The Underwater Ruins. You can only get this journal AFTER defeating Ron's Lingered Will for the second time. You CANNOT get this journal elsewhere.)

34. Kayne White VI (Obtained in the Empty Space. You can only obtain this after you have overcome the amount of replicas you have to kill. Kane Underwood should also have this journal as well, but it's rare.)

35. Kayne White VII (Obtained by defeating ALL Nightingale Force replicas.)

36. Kawuro (Obtained by defeating Rusted Kawuro in Patriot's Memorial Garden.)

38. Doc Boo (Obtained by defeating Haunted Doc Boo in Shinodome Middle School.)
