

SL : Amplify your cause !

Mail:

Hi Charlotte,

I love how your review on Google parades on your website!

I've seen on Instagram the fundraising you make for swimming for awareness

I want to help you with this.

By creating more curiosity, you can disrupt the attention of people in the incessant scroll through Instagram, and make it more viral

You wonder, "Where's the scam?" There's none.

All I ask in exchange is a testimonial.

Of course, only if you are happy with my work!

Are you ready to give more visibility to those who need it the most?

Best regards,
Romain
