[Booster Financials as of 02.29.24](#)

Dear Richland Families,

The school year is nearing its end, which means **we're running out of time to raise money for next year's Booster Club budget.** We still have the Book Fair, the Walk-a-Thon, the Gala, and the Auction.

All events are in motion except the **AUCTION**. We have yet to have **a single volunteer** step forward to lead the Auction Committee. In fact, we haven't had anyone step up to join the Auction Committee at all.

To put it in perspective, last year's Auction raised **\$10,000**. It is hands down one of the largest fundraisers we have every year, and without a volunteer, it will not move forward.

We need to raise as much money as we can if we want to fully fund next year's budget.

So please email Ashley Spitz (treasurer@richlandboosters.org) if you want to lead the Auction Committee.

Thank you.

*"Do not teach your child not to be angry
Teach them how to be angry"*
- Lyman Abbott

Why are they Angry?

*What's really going on
and how do we validate,
manage and communicate it*

This Workshop will explore the conflict that we and our children experience when our basic psychological needs are not met, which results in us feeling **angry**.

Anger is the "cover up" emotion that "protects" us from feeling emotions we don't like to feel and often do not know how to express in a way we can be heard.

We will

- define those underlining emotions and take a look at what the payoff is to staying angry.
- Practical strategies we can model and teach our children will be presented so communication and coping skills will be increased.

Safety email- separately went out Monday 11/27

Hi all!

As many of you know, there have been concerns about our valet system, and we are working on finding the best solution to increase safety, efficiency and flow. We contacted the Office of Environmental Health and Safety (OEHS), and are now working with them to offer a school safety valet training program.

Our valet area and signage have been inspected and approved. Now we need volunteer(s) to chair the valet committee, and ultimately will need 3-5 volunteers to oversee the valet each morning. There are different approaches that can be used to rotate responsibilities among our community, so that it's not always the same 3-5 volunteers every morning. The committee will evaluate the various options and propose the best system to be implemented. Please note, though, that this does require the buy-in and input of the entire community in order to be successful. As soon as a list of volunteers is compiled, admin will submit this to OEHS and a date will be set for these volunteers to be trained by LAPD. Safety gear will also be provided.

Please consider participating in the formation of this committee. This is a fantastic opportunity to establish a safe and smoothly running valet that all families will benefit from!

If you are interested in being a valet committee chair or member, please email me and Julian:
