Rules

Rule #1 - Alt Limitations.

Alts are allowed, but we have to limit the amount of alts 1 player can have, you are allowed 2 alternate Accounts. Alts Must Be in the Same Nation as the Main Account, No alts in other nations!

Rule #2 - No Hacking

**Hacking is a big No No, This is not an anarchy server, We provide a fair environment for all players, Hacking includes, Any and All PVP Hacks, Transportation Hacks, etc. And Duplication Glitches Fall under this Category as well!*

Rule #3 - No Toxicity

We have a 0 tolerance level for Major amounts of toxicity, Examples of this is the following "Forbidden Words" Nigger Faggot Tranny etc.

Rule #4 - No Kill Abusing / Alternate Account Abusing

Killing a player over and over again into submission to your town / nation is also a major no no. during War times you may not kill someone over and over again also applies, and Alternate Account Abusing goes with, No hacking, and limitations, you

may not hack on the alt and break the economy by giving your main all minerals.

Rule #5 - Discord Rule

This rule applies to discord, you must follow all discord Terms of Services, when your in this server, The biggie is your age, if you are 13+ you are okay to stay in the discord but if your 12 and Younger, and staff find out, you will be banned from the discord server, No unbans. This is to protect you from running into Pedophiles on this discord. the link to discord ToS is => <https://discord.com/terms>

Rule #6 - No One Man Armies

**No raiding Towns / Nations with 1 guy vs like 4 other town / nation members, now small scouting skirmishes can commence, examples of this, you send 1 guy to scout a nation, and if they get caught they can defend themselves to their best of their abilities!*

Rule #7 - No Doxxing Other Players Personal Information

**Unless you got permission by the player, don't do it, No Doxing IP Addresses, Real names, Home Addresses, Bank Accounts, SSNs, etc. especially if the player doesn't want you to doxx their information.*

Rule #8 - False Rumors

*No Spreading Rumors about a player or staff, also false under Rule #3, Examples of this is, No saying, "oh Player A is a pedophile stay away from them"

Rule #9 - Please Check #war-rules For Our Rules for Wars!

*That channel contains what you must do in wars, can do, and what should be enabled in your town during wars! along with what you must do prior declaring war!

Rule #10 - Harassment

Please refrain of Harassing Other players, or staff, This can also go under Rule #8 and Rule #3, as it's toxic, and can lead to False Rumors, it's unwanted, and is Considered a type of Bullying which is against Discord Terms Of Service.

Rule #11 - Check Back

Always Check back here daily for updates to the rules, etc. now you may scroll up to Verify yourself and we will see you around! Happy Playing!

Rule #12 - AUTO FARMS

* Auto-Farms are Limited to 16x16 (1 CHUNK) and must be below the ground, must not be poking out! HAS TO BE CONCEALED BENEATH THE GROUND!!!!*

WAR RULES

1) Nations must have PROPER Intent to go to war, Proper Intent Might be, one nation sees the other as a dictator, and want to rebel against them, or one nation performed Under the carpet raids on smaller towns and force them into submission and a nation doesn't like that.

2) Nations must have PVP turned on, Private Turned off, and if Staff sees fit explosions turned on (Only if you have walls all the way around with no way to come in, such as a gate.)

3) if a player is in a war, and is running from a nation, they can seek refugee in another town, not in a nation, or in another nation not in the war. but the town leader must at least be practically aware, either forced into it, or gave consent that they will secretly protect them, but if the enemy nation finds out, they may declare war on that one town, and force that town to act as a nation and enable all the stuff in Rule #2.

4) Players cannot hide in /spawn during wartimes, especially not afk in spawn, either you afk in your town and risk dying, or just log off!

5) Any Allies of the nations at war are automatically put into the war, and must abide by Rule #2.

6) Any abuse in hacked Clients still abide and you will

be banned at first offense, 1 week, 2nd offense, 2 weeks, and so on and so forth.

7) Please have at least SOME human on human and respect

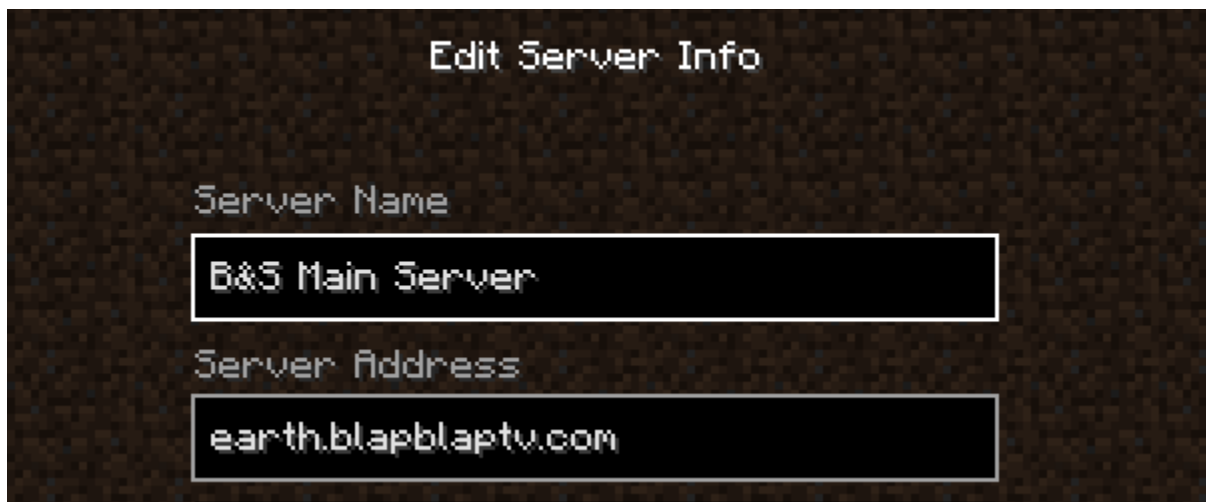

8) AFKing in towns is allowed, but highly not recommended so do it at your own risk, I recommend that you log out when AFKing, but it's up to you.

9) Keep Checking back here for additions, or revisions.

Resource Packs

With Custom Plugins, we do have a Resource Packs that the ItemsAdder Plugin requires to work, and sometimes it can take awhile to load, so some people might want to download the Resource Pack instead of Having the Server Force it, (You load in faster if you apply it Manual)

ItemsAdder Resource Pack →

Fun Little Pillager Raid Horn RP →

<https://www.dropbox.com/s/5pgq3y5amfs1066/Pillager%20Raid%20Horn.zip?dl=1>

DISCLAIMER: If you do decide to apply it manual you should probably disable the server Resource pack by going to Minecraft, Multiplayer, Click the Server, click “Edit Server” and change “Server Resource Pack:”

Towny Prices:

Disclaimer: Upkeep has not meet a permanent place, as of 2.27.2021 it's still \$1.00 For a town, and Nation (and increases based on population for the Town, and for the nation, based on how many Towns are in the nation!)

Some other Useful Towny Commands are as following

/t new <name> - The Base command to start a new Town!

/n new <name> - Base Command to Start a new nation!

F3 Key + G Key - See Chunk Borders, useful for the next Command

/t claim - The command to expand your territory, it claims chunk by chunk so the F3 + G HotKey is handy!

/tc - Town Chat

/nc - Nation Chat

/towny:ac - Ally Chat

/n ally add <nation> - add another Nation as an ally

/t set perm <hit Tab and you can scroll through individual perms, nation, town, outsider, allies> - Set Specific Perms for Nations, towns, etc. you can set perms to only allow residents to build / do things on certain plots, etc.

/t help - For other Commands not in the guide, if you have any suggestions for the Towny Portion of the guide please Create a ticket in #Suggestions and fill it out! Any other Questions head over to the discord! And #Questions-And-Answers Channel!

How do I make Money?

Well Lucky you, We have currently 2 ways to make money, run the commands

/shop - to pull up our shop

/jobs browse - to look at jobs

How to Enable Proximity Chat

STEP ONE
*Join the Server on the versions (1.16.3 or 1.16.4) with the IP "earth.blapblaptv.com" (This semi works on bedrock but you need to be in the VC at ALL TIMES)

STEP TWO
Type in chat `/md link` and it will give you a code and you take that code and DM the bot [@B&S Proximity Chat](#) the code!

STEP THREE
Type `/md toggle`

STEP FOUR
Join the Waiting Room Voice Chat! (edited)

Waiting Room

STEP FIVE
Cash Money, for as long as your in 100 Meters (100 blocks) you will be in a Private Voice Call with the other player! (edited)

[Lead-Dev] Kamu 01/10/2021
Disclaimer it's default to disabled, so when you leave the server it disables, so every time you log in you have to repeat Step Three aka `/md toggle`

Bedrock Bugs (KNOWN)

These Bugs are out of our hands And in the Plugin's hands to worry about these bugs, if you find any others please Bug Report it in the discord, and Create a Issue on GeyserMC's GitHub reporting it so they can fix it as soon as possible!

<https://github.com/GeyserMC/Geyser/issues>

- Skins, Bedrock skins do not show to java players since Bedrock has a different skin format from Java
- Smithing Table, Bedrock cannot use the smithing table to make Netherite Armor
- ItemsAdder Custom Crafting Recipes, Bedrock cannot Craft Custom Items! (NOT A GEYSER PROBLEM BUT A MICROSOFT PROBLEM)

This Guide was written by Kamu, any updates to the guide will be controlled by her, so please don't Attack other staff about it! She will update it as fast as she can and such!
