Shapes: All

Color Words: All

Addition
Ways to make 3 and 4

Social Studies/Science: Our unit this week is on "Fall." We will be discussing this season, how leaves change, activities we might participate in, and the weather at this time of the year.

*****Special notices*****

We have had a great week! There is an awards ceremony coming up in December. Continue to read library books for points. I have been assessing this week for progress reports. Please keep listening to your child read every night. **We are running low on snacks.** Thanks for all of your help and support!!
