

[Watch the Animoto example](#) of Library Tour

Your task:

Create a Library Orientation Video for Grade 6

Students: STEP 1. Watch librarian's library orientation sample video.
(Note: music in example video - not right for elementary school library)

STEP 2. Make a list of images you will need. Below is a list of pictures I thought I could take and use for our library.

Remember - we have students from pre-school to Grade 6. Maybe show the two parts of the library? Remember to show the YA books (purple spine labels).

Animoto:

Suggested Images to collect. Print this list and then add or delete as you see it. These are the images from the "sample video:"

Start with name of library

Welcome in diff languages

Picture of the door

"There's a lot you can do here" - in text
work on school work

Or you can find a great book

You can use a desktop

or a laptop for school work

or to search the library catalog

Destiny Quest Library catalog

read an ebook

You can print school work (show printer)

or you can find a great book
you can get creative
The library website
Use a database for research
What? You're looking for a great book?
We've got fiction
We've got graphic novels
biographies and non-fiction
We can help you find that next great book
Reading recommendations and read alike
This is a learning space for everyone
So Table manners
Put books back on the cart
or return it to the red square
See you @ your Library
