- Works with appropriate personnel to provide career development and planning activities for all students enrolled in vocational/technical education programs, 6-12.
- Works with appropriate district personnel to initiate a system of educational reform by redesigning the delivery of education through integration of work-related tasks into the classroom, both in content and instructional strategies.
- Works with appropriate representatives to develop an education and training system that is competency/performance based and validated by business, industry, labor, and education representatives.
- Works with community, business and education to develop and educational training program that integrates school, work, and life management skills.
- Assists administrators, counselors, teachers, business, industry, labor, and specific post secondary agencies in development of articulated career paths, work-based learning experiences, and school-to-work transition activities as components of the education experience for students enrolled in vocational/technical education.
- Works with appropriate staff to redesign the content and instructional mechanisms of education through inclusion of applied strategies and work-related task that stress the connectivity aspects of classroom learning to the workplace.

- Works toward the development of a region-wide work workforce development system, based one innovation, best practices, and existing model programs to teach current technology.
- Directs the selection, production, utilization and evaluation of instructional and/or resource materials to be used for career preparation.
- Assists Human Resources with the interviewing of teacher applicants and recommendation of applicants for available opening in vocational/technical education.
- Performs observation of vocational/technical teaching staff at the building level as requested by the Executive Director, Principal, or API.
- Designs, plans, and/or facilitate appropriate in service activities for school faculties, system wide groups, or individual teachers.
- Initiates and pursues programs of self-improvement through participation in professional organizations at all levels.
- Works to develop a viable public relations program with the parents, business, industry, and other community-based groups.
- Develops and submits appropriate application packets for procurement of Federal Vocational/Technical and Labor Department funding.
- Administers the expenditure of all grants and funding as specified in the mandates of State and Federal stature.
- Assists the various system level departments in procurement of equipment, materials and services with Federal and State funding, and payment in a timely manner.
- Compiles and submits all State and Federally mandated data as required by law.
- Assists building level administrative and clerical staff with the expenditure of local vocational/technical funding.
- Works with Instructional Support Specialist for Vocational/Technical Education to insure services, placement, and transition activities for disable populations enrolled in Vocational Education programs.
- Works with Tech Prep/School-to-Work- Coordinator to insure the development and implementation of a Tech Prep program for the school district.
- Works with the regional workforce development facilitators to insure representation of the East Baton Rouge Parish School System in regional and local workforce or post secondary education.
- Performs other assigned/appropriate duties as determined by the Assistant Superintendent for Instructional Services, Area III
