Privacy Policy

This page is used to inform visitors regarding my policies with the collection, use, and disclosure of Personal Information if anyone decided to use my Service.

If you choose to use my Service, then you agree to the collection and use of information in relation to this policy. The Personal Information that I collect is used for providing and improving the Service. I will not use or share your information with anyone except as described in this Privacy Policy.

The terms used in this Privacy Policy have the same meanings as in our Terms and Conditions, which are accessible at that app unless otherwise defined in this Privacy Policy.

Information Collection and Use

- When you use our services, we automatically collect Non-Personal information about the device you use to access our services and your usage of our services.

For a better experience, while using our Service, I may require you to provide us with certain personally identifiable information, including but not limited to Gsm Model,Sdk Versiyon, Sdk Release,Ip,Country,CountryCode,Location,Gsm Serial Number. The information that I request will be retained on your device and is collected by me and stored on our servers and is deleted within 90 days when you are not using the app.

- Our partners may collect hardware and software information such as IP address, device ID and type, advertising IDs (such as Google's AAID, randomly generated numbers that you can reset by going into your device' settings), device language, operating system, time zones, and identifiers associated with cookies or other technologies that may uniquely identify your device.

The app does use third party services that may collect information used to identify you.

Log Data

I want to inform you that whenever you use my Service, in a case of an error in the app I collect data and information (through third party products) on your phone called Log Data. This Log Data may include information such as your device Internet Protocol ("IP") address, device name, operating system version, the configuration of the app when utilizing my Service, the time and date of your use of the Service, and other statistics.

Cookies

Cookies are files with a small amount of data that are commonly used as anonymous unique identifiers. These are sent to your browser from the websites that you visit and are stored on your device's internal memory.

This Service does not use these "cookies" explicitly. However, the app may use third party code and libraries that use "cookies" to collect information and improve their services. You have the option to either accept or refuse these cookies and know when a cookie is being sent to your device. If you choose to refuse our cookies, you may not be able to use some portions of this Service.

Service Providers

I may employ third-party companies and individuals due to the following reasons:

- To facilitate our Service;
- To provide the Service on our behalf;
- To perform Service-related services; or
- To assist us in analyzing how our Service is used.

I want to inform users of this Service that these third parties have access to your Personal Information. The reason is to perform the tasks assigned to them on our behalf. However, they are obligated not to disclose or use the information for any other purpose.

Security

I value your trust in providing us your Personal Information, thus we are striving to use commercially acceptable means of protecting it. But remember that no method of transmission over the internet, or method of electronic storage is 100% secure and reliable, and I cannot guarantee its absolute security.

Links to Other Sites

This Service may contain links to other sites. If you click on a third-party link, you will be directed to that site. Note that these external sites are not operated by me. Therefore, I strongly advise you to review the Privacy Policy of these websites. I have no control over and assume no responsibility for the content, privacy policies, or practices of any third-party sites or services.

Children's Privacy

These Services do not address anyone under the age of 13. I do not knowingly collect personally identifiable information from children under 13. In the case I discover that a child under 13 has provided me with personal information, I immediately delete this from our servers. If you are a parent or guardian and you are aware that your child has provided us with personal information, please contact me so that I will be able to do necessary actions.

Changes to This Privacy Policy

I may update our Privacy Policy from time to time. Thus, you are advised to review this page periodically for any changes. I will notify you of any changes by posting the new Privacy Policy on this page. These changes are effective immediately after they are posted on this page.

Users' Rights

Every user has the right to request details about the personal data stored about them according to GDPR Art. 15.

Every user has the right to request the correction or completion (GDPR Art. 16) or deletion (GDPR Art. 17) or restriction of use (GDPR Art. 18) of the data sent to us at any time.

In many cases, due to our philosophy, the data is highly anonymized. If your data is, and we think it should be, anonymized so that we cannot associate with any user, we can most likely not delete it from our system. In these cases, however, no personal data is collected. Furthermore, if we cannot verify your identity (e.g., you use another e-mail address to request the deletion of data associated with another e-mail address), we can not delete the data from our systems either.

According to GDPR Art. 77, you may, at any time, file a complaint about our data processing at your local data protection officer.

According to GDPR Art. 7 paragraph 3, you may revoke any consent you gave us about storing and processing data at any time for future time.

According to GDPR Art. 21, you may at any time dissent the processing and storing of data listed in the article.

Note on Data Security

All data is stored on a dedicated server administrated by the Us project. Neither the hosting provider nor any other third party does have any access to the data, as it is stored encryptedly on the hard disks using so-called full-disk encryption

Server Logs

To have a minimum of control in scenarios where our website is abused, for example denial-of-service attacks, we configured our webserver to create a so-called acces log. This log file contains a list of all requests made to this server, each request in a separate line.

The logged lines contain the following information:

- **The URL**

- **the HTTPS status code**
