What is this?

This is a weekly crowdfunding roundup of new projects launched last week and those ending in the coming week, originally posted on the /r/boardgames subreddit by me, /u/perkelton. FAQ

I live in Haiti/Canada/Belize/USA, why are you posting on a Saturday?!

Because I'm writing this from Europe in the future where it's already Sunday. Time zones be crazy.

Why are there a bunch of non-board games in the board game list?

Because the Tabletop Games category on Kickstarter includes anything remotely related to board games, sometimes things slip through the filters.

Why is this future award-winning board game and literal saviour of humanity missing from your list?

Sometimes the filters can be a bit overzealous and discard valid projects. If you feel something is missing for this reason, leave a comment, and I'll consider adding it (maybe).

Can I donate all of my money to you?

No

Can you help me promote my game?

Please, no. I just make lists—nothing more.

Your list is full of mistakes and now Microsoft support won't take my calls anymore!

Indeed, this fine piece of code runs purely on hope and dreams, so anything can happen.
Leave a comment, and I'll see what I can do.
