Quarantine Instructional Plan

Dr. Darrian Borden-McCarter, Principal

PGCPS SUMMARY

As we welcome 100% of our students back to in-person instruction for the 2021-22 school year, the following procedures have been put in place to ensure continuity of learning for any student or group of students placed in quarantine for COVID-19 related reasons.

Any student/group of students who need to quarantine as a result of direct exposure to someone who has tested positive for COVID-19, will continue to have access to their Learning Management System (Google Classroom or Canvas). Students will have access to asynchronous instruction through assignments posted by teachers (for example, videos, work direction, presentations and their online texts). They may also have access to grade and content-specific online learning platforms that will allow them to review and develop core academic skills. For an entire class that is quarantined, the students would move to a synchronous virtual learning granted the teacher is well and not sick. If the teacher is not well then the class will follow the process for any student/group of students.

SCHOOL PROCESS

Students will have access to asynchronous instruction through assignments posted by teachers in Canvas (for example, assignments, videos, work direction, presentations and/or their online texts). Please email your teacher directly if you have any questions accessing assignments and instructional materials. Teachers will offer weekly support sessions based on their content area:

- Mondays: Elective Support
- Tuesday: Mathematics Support
- Wednesday: Social Studies Support
- Thursday: Science Support
- Friday: English Support

Students are also encouraged to email their teachers with questions and request additional support when available. Students will have 10 days from their return date to submit all assignments.

Instructional Plan	
Contact Information for Questions:	Front Office Support: 240-573-7250 Middle School Counselor: Czesochowa Gabriel: cgabriel@cmitsouth.org High School Counselor: Michael Pitter: mpitter@cmitsouth.org
Technology Support Contact	IT@cmitsouth.org
Teacher Support Guidance	All assignments and links to virtual office hours are present on each teacher's Canvas home page. Quarantine office hours are from 7:45-8:20.

Schedule	7:45am - 8:20am - Mondays: Elective Support - Tuesday: Mathematics Support - Wednesday: Social Studies Support - Thursday: Science Support - Friday: English Support

ADDITIONAL PARENT INFORMATION

CATEGORY	INFORMATION
Attendance Information	Individual students notified to quarantine as a result of possible exposure to COVID-19 must remain home until the specified time. Students will be marked with a “QT” code upon completing a daily check-in during this time frame. Students will be provided work asynchronously. This code considers the student present for the day when not present in the building. If the entire class is quarantining, students should participate in live virtual instruction. If the classroom teacher is ill, then students must complete work asynchronously and a daily check-in to be marked “present”. While quarantining, if the student experiences technical issues such as broken equipment or internet outages, parents must inform the teacher immediately. The teacher must mark the student absent with code (TC) which considers the student absent from class but “present” for the day when the “TC” reason code is entered. Please see our Attendance Administrative Procedure (https://tinyurl.com/AttendAP) for more information.
Technology Information and Support	Clever is a school’s digital single sign on for resources, such as textbooks, interventions, messages, and other tools. Clever contains links to essential instructional applications and websites. Students access Clever with their PGCPs logon information. For information about how to access Clever, click here (https://tinyurl.com/CleverPG). For additional information about technology resources for learning at home, please visit the Digital Learning Parent Resources website (https://tinyurl.com/DLparent)
Testing Information	If an assessment window is still open at the conclusion of quarantine a student should test when they return.

Additional Support

When additional tutoring support is needed, students can receive Brainfuse tutoring and homework help through our partnership with [Prince George's Memorial Library System](https://tinyurl.com/PGMLibrary) (<https://tinyurl.com/PGMLibrary>) from 2:00 pm - 11:55 pm.
