

1. Research is Education.Research is Development #ResearchForResurgence
2. Purpose of Research needs a paradigm shift #ResearchForResurgence
3. Harness the power of Bhartiya Intellect.Grassroot innovations the strength of the country #ResearchForResurgence
4. When I first opened my eyes it was the beginning of research.It knowledge is the result of pious quest #ResearchForResurgence
5. School Education must include research component.Researchers must be groomed from 9th #ResearchForResurgence
6. International Conference to focus on all aspects of indigenous research #ResearchForResurgence
7. What we call JUGAD is innovation.Respect these field researchers.Recognize them #ResearchForResurgence
8. Bhartiya Scriptures are treasures of knowledge.Research in Bhartiya Knowledge System will fuel Resurgence #ResearchForResurgence
9. Social Sciences need revival.Start Research from Bhartiya Prespective #ResearchForResurgence
10. Research that integrates that nation not the one which divides #ResearchForResurgence
11. Knowledge is power.Lets make bharat JadadGuru #ResearchForResurgence
12. Small Nations are leaders on the basis of their Research.Be a 'Leader' , Do Research ! #ResearchForResurgence.
13. Innovation labs have to be an intergral and mandatory part of School Education #ResearchForResurgence
14. Incubation Chamber has to be an integral and mandatory part of Engineering Colleges #ResearchForResurgence
15. Project based concept Learning is a must #ResearchForResurgence
16. Teachers should be made to do internship in industries #ResearchForResurgence
17. Use waste material to develop various practical based concept learning #ResearchForResurgence
18. The best research will give the best teaching and the best teaching will give the best research - APJ Kalam #ResearchForResurgence
19. A teacher should have a creative mind- APJ Kalam #ResearchForResurgence
20. The youth need to be enabled to become job generators from job seekers- APJ Kalam #ResearchForResurgence
21. In the beginner's mind there are many possibilities, in the expert's there are few-Shunryu Suzuki #ResearchForResurgence
22. Basic research is like shooting an arrow into the air and, where it lands,painting a target-Homer Burton Adkins #ResearchForResurgence
23. Research is what I'm doing when I don't know what I'm doing - Wernher von Braun #ResearchForResurgence
24. Research is formalized curiosity.It is poking and prying with a purpose-Zora Neale Hurston #ResearchForResurgence
25. Research is creating new knowledge-Neil Armstrong #ResearchForResurgence

26. Bhartiya Shikshan Mandal is a RSS affiliate working in the field of education for indigenous policy intervention since 1969 #ResearchForResurgence
27. #ResearchForResurgence is an international conference organized by BSM to promote research from Bhartiya Prespective at all levels
28. Why invest in research when it can be imported - Indira Gandhi at TIFR Golden Jubilee #ResearchForResurgence
29. Do You Know - Vinod Dham - known as the Father of Pentium Chip is a Bhartiya #ResearchForResurgence
30. Do You Know -Suhas Gopinath - who was CEO at the age of 17 and was named Youngest CEO is a Bhartiya #ResearchForResurgence
31. Bhartiya Shikshan Mandal(BSM) Organized 3 day National Convention from 20th to 22nd Nov 2016 at Gwalior #ResearchForResurgence
32. 1500 delegates participated in discussion on New Education Policy Draft in BSM's National Convention #ResearchForResurgence
33. Feedback is collected from more than 213 districts by BSM from various backgrounds for New Education Policy Draft #ResearchForResurgence
34. Feedback is collected from more than 1.5 lakh people by BSM from various backgrounds for New Education Policy Draft #ResearchForResurgence
35. Feedbck frms are analysed by BSM& consolidated feedback wil b given to State & Central Government after 15th Jan 2016 #ResearchForResurgence
36. Not only tolerance, we believe in enrichment of everyone #ResearchForResurgence
37. Research is definitely scientific phenomenon, but not limited to science #ResearchForResurgence
38. Research in mass psychology has lead industrial growth more than technology #ResearchForResurgence
39. Not second or third-Nagpur is the capital of change #ResearchForResurgence
40. Only courageous people are true researchers, rest are dying organisms #ResearchForResurgence
41. Researcher from many countries assembling in Nagpur, to know dimensions of civilization & harmony in Bharat #ResearchForResurgence
42. A Farmer in Idukki developed a variety cardamom, Njallani, which yielded nearly 800% more than conventional varieties #ResearchForResurgence
43. Srinivasa Ramanujam who postulated and proved well over 3,542 theorems shd hv gt Noble Prize #ResearchForResurgence
44. It was Jagdish Chandra Bose and not Guglielmo Marconi who was pioneer of wireless-radio communication #ResearchForResurgence
45. Sushruta a Medical schlar&practitioner lved 2K yrs b4 in d ancient Indian city of Kasi is known as Father of Surgery #ResearchForResurgence
46. The word Navigation is derived from the Sanskrit word Navgath #ResearchForResurgence
47. Navigation, as a science originated during the Indus valley civilization some 5000 years ago #ResearchForResurgence

48. The world's first tidal dock was built in Lothal(Bharat) around 2500 BC
#ResearchForResurgence
49. The consecutive governments after independence have failed to realize the importance of research #ResearchForResurgence
50. India accounts about 3 per cent of USD 1.6 trillion of global gross expenditure on research and development (GERD) in PPP #ResearchForResurgence
51. India's spending on research and development (GERD) in PPP is around 5 times lower than of China #ResearchForResurgence
52. India's innovation capacity is lower than that of most BRICS nations
#ResearchForResurgence
53. Total global gross expenditure on R&D (GERD) in PPP (purchasing power parity) is USD ~ 1.6 trillion #ResearchForResurgence
54. India spends Only 0.9% of GDP PPP on Research&Development while Israel spends 4.2% of its GDP PPP on R&D #ResearchForResurgence
55. India spends Only 36.1 Billions of USD PPP on Rsrch&Developmnt while South Korea spnds 65.4 Billions of USD PPP on R&D #ResearchForResurgence
56. India's share of world research output in clinical medicine was a paltry 1.9% in 2010((latest data available) #ResearchForResurgence
57. India's share of world research in materials sciences ws at 6.4% in 2010 while China's stood at 26% #ResearchForResurgence
58. India's share of world research output in psychiatry was only 0.5% in 2010(latest data available) #ResearchForResurgence
59. India's share of world research output in neurosciences was only 1.4% in 2010(latest data available) #ResearchForResurgence
60. India's share of world research output in inimmunology was a paltry 1.8% in 2010((latest data available) #ResearchForResurgence
61. India's share of world research output in molecular biology was mere 2.1% in 2010((latest data available) #ResearchForResurgence
62. India's share of world research output in environmental research was only 3.5% in 2010((latest data available) #ResearchForResurgence
63. Nature' magazine shows India needs to urgently boost scientific research
#ResearchForResurgence
64. Indian research is hamperd by stifling bureaucracy,poor-quality education at most universities & insufficient funding #ResearchForResurgence
65. Successive Govts have pledged to increase support for research & development to 2% of India's gross domestic product #ResearchForResurgence 1/2
But it has remained static at 0.9% since 2005
66. In India the percentage of turnover that Industries have allocated for Research is very Less
#ResearchForResurgence
67. Worldwide 2% of Industry turnover goes to Research & Development activities
#ResearchForResurgence
68. According to survey India filed only 17 patents over 1 million Population while South Korea-4451,Japan-3716&China 541 #ResearchForResurgence

69. R&D decided the future of the country and gives competition to other countries
#ResearchForResurgence
70. Just 3.5% of Global Research Output was from India - #ResearchForResurgence
<http://timesofindia.indiatimes.com/india/India-accounts-for-just-3-5-of-global-research-output/articleshow/16619677.cms>
71. D strikin weaknes of research in India is dat research hapens By&Large only in Few Elite Institutions-Shiraz Minwala #ResearchForResurgence
72. India has only 4 in 10000 peopel working in research whereas Chile and Kenya have 6 to 7 researchers in 10000 people #ResearchForResurgence
73. Swami Vivekananda inspired Jamshedji Tata to establish a Research Institute for Science in India #ResearchForResurgence
