

## **Research Progress Interview Questions, Round 2**

1. Have you continued to research the same topic since our first interview?
2. How have you focused your research and what is your focal question?
3. What else have you discovered since then?
4. Have you been making/keeping detailed notes on the sources you are reviewing?
5. Are you keeping an accurate list of your sources (identifying information) as well as which ideas/information you have taken from each?
6. Have you begun to plan your symposium presentation/lesson?
7. Have you decided on an activity (game, short lab experiment, simulation, demonstration, guest speaker, etc.) for your symposium participants (your peers)?
8. Will you need any special materials/supplies to carry out your presentation (any/all parts)?
9. Do you understand the CSE citation-name system and do you know that you are expected to use it in all written materials you prepare for your symposium presentation (slideshow, handouts, etc.)?
