*I have induced some of my works below, specifying the different categories each piece falls into. As always, you can check out any of my socials for other art and works I didn't include. Take a look! (for the best quality of the images, open this document/link in your browser)*

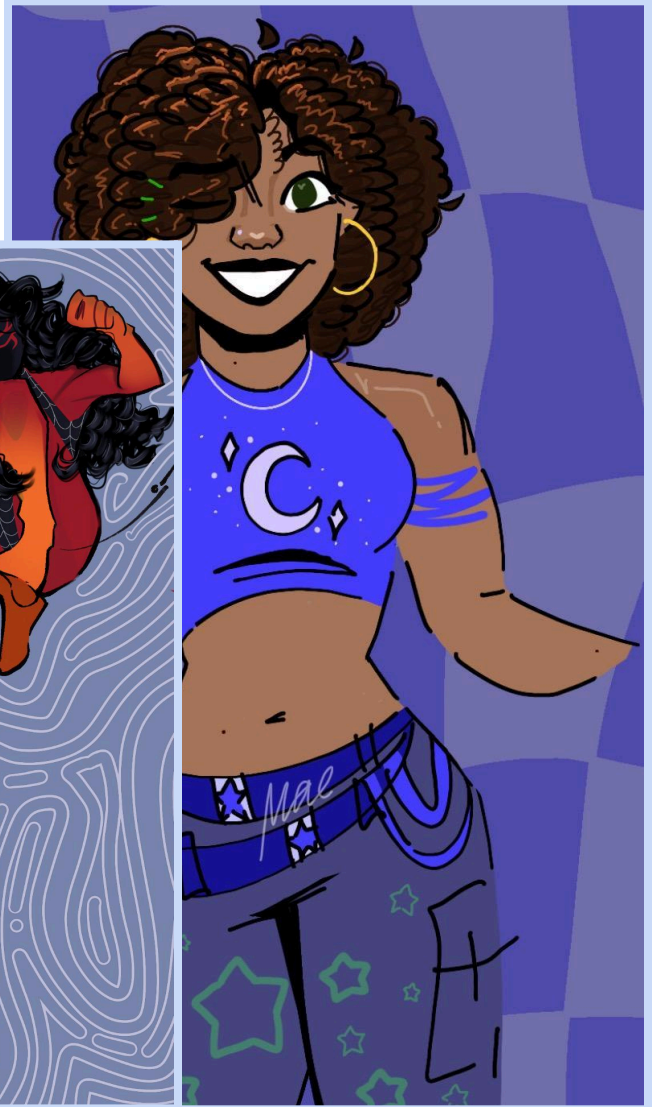

\$60 Full Piece/Bust- Normal Artstyle, Colored, Rendered, and finished Lineart (Comes at a discount since it's only bust up)

\$20-30 Bust - Spider Verse Art style, Clean sketch, Colored, and Rendered.

\$30 Full-ish body - Cartoon Art style, colored with background.

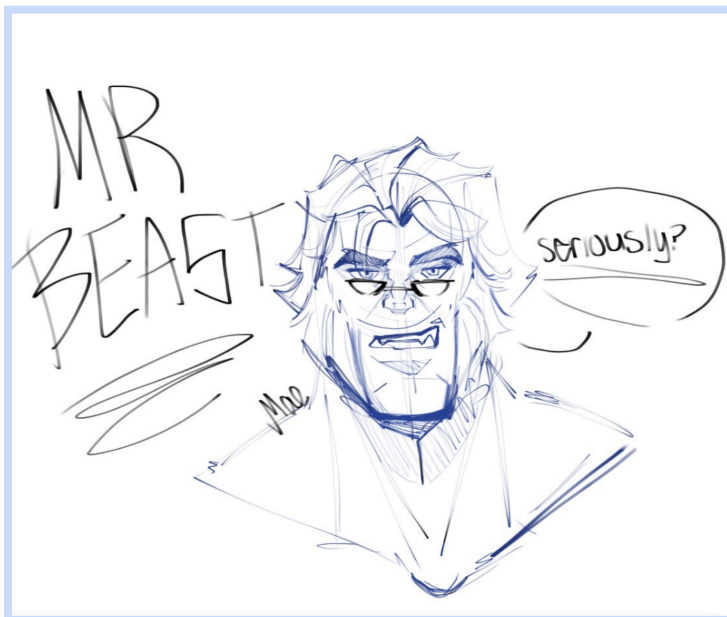

\$150 Full Body - Normal Art Style, line art, colored, rendered, added character with background.

(Context: I drew this spider-sona piece for a previous client. The commission asked for that specific Miguel picture (left) to be included for height purposes. I did not draw him in this commission, hence the lack of signature; credits to the original artist.)

\$50 Bust -  
Bold/Cartoon art  
style, colored with  
background.

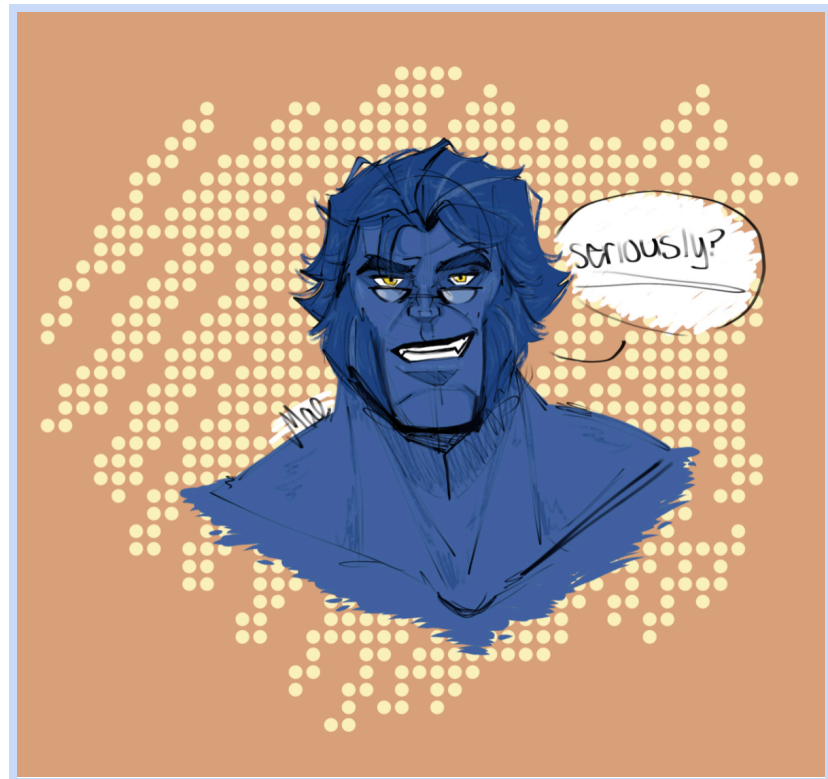

\$15 Bust sketch -  
Simple, just added text (free  
of cost) in normal art style.

\$30 Bust -

Colored Sketch with  
background in normal  
art style (slight  
rendering if you squint.)

\$25 'full'

Would you be willing to draw Miguel  
in a quad drum harness?

Colored 'full' sketch in bold/normal art style

\$65 Bust – Spiderverse Style, Lineart, colored, rendered with background.

\$90 Full-ish Body –  
Normal /Spider Verse Art Style, line  
art, colored, rendered, added  
character with background.

An yes,  
hero work  
does get  
a bit -

his tank-top is  
already struggling to  
contain those  
massive nonkers

WELL!!  
That's  
mildly  
embarrassing

Artist:

Gee,  
who would  
have  
thought?

\$80 Half Sketch-

One character fully colored and rendered with added character, regular art style (with light anime expressions), added silly text- free of cost

**\$105 Full Piece-** Original Artsyle, Colored, Rendered, Line Art, Added Character (Bust), and Background/Text
