EXPERIENCE

Kudobuzz: Remote— Software Developer [kudobuzz.com]

Aug. 2021 - PRESENT

- Developing and maintaining the widgets that enable businesses to obtain and display their customer reviews.
 - Contributed to the development of a dedicated webpage that presents a business's entire reviews and preferred products.
 - Creating dependable and scalable software using technologies such as Svelte, Svelte Kit, React, ExpressJS, and Node.js.
 - Collaborating with a NodeJS-supported micro-services oriented infrastructure.
- Developing new functionalities for our dashboard based on ReactJS and maintaining those functionalities.

Codeclan Nigeria: Remote— Software Developer [codeclannigeria.dev]

MAY. 2020 - MAY. 2022

- Voluntarily helping a coding community develop a web app targeted at helping new developers learn and grow.
- I am the deputy team lead for the frontend team.
- Building stable and scalable software using react.
- Collaborating with designers to ensure designs are efficient and technically sound.
- Creating modular, responsive templates using modern CSS techniques and javascript libraries.

HNG Internship, Remote— Software Developer [hng.tech]

SEPT. 2019 - NOV. 2019

- I developed APIs for file conversions that convert up to 15 different file types to plain text, checking duplicates of plain text.
- I worked with the frontend team to convert various designs into pixel-perfect pages.
- I guided the frontend team on how to consume APIs using ajax.

Hotels.ng, Yaba, Lagos Nigeria — Software Developer [hotels.ng]

MAY. 2019 - NOV. 2019

- Developed scripts to communicate with back-end servers in order to provide real-time updated information.
- Developed custom software solutions for clients.
- Communicated with customers about progress updates, gathered feedback and worked to resolve specific concerns.
- Collaborated with product team members to define and develop new product concepts.
- Designed and implemented HTML email templates and newsletters for marketing campaigns.
- Worked closely with the marketing team to run ads for clients that yielded great results.

EDUCATION

Olabisi Onabanjo University, Ogun State Nigeria — Bachelor of Science

Oct 2015 - 2021, Computer Engineering

GPA: 4.39/5
