

SMASH the Patriarchy

Summary/ Elevator Pitch

Tired of mansplaining and manspreading? Tired of the system that drags every non cis-white-male individual down? We can only do so much to tear down this shitty system, sometimes we just need to let off some steam. This whack-a-mole style game may not fix our society, but it might help you feel better for a moment. The replacement for the mole was carefully chosen. Who embodies the Patriarchy more than the twice impeached Donald Trump?
