Total per character = 225

Total per Nuzlocke = 1,125

Clicker, Co-op, respawning as a different character, and restarting runs are all banned. Anything else you would find unfair if used against you is probably also banned.

Start on a dead god file, with a 0 total donation machine. If your character dies, they are unusable for the rest of your nuzlocke. Happy Running.

****Console is allowed on your first hush visit, since even on dead god, it spawns the ending chest, so just do stage 10/10a if needed****
