# Create Picture Collages
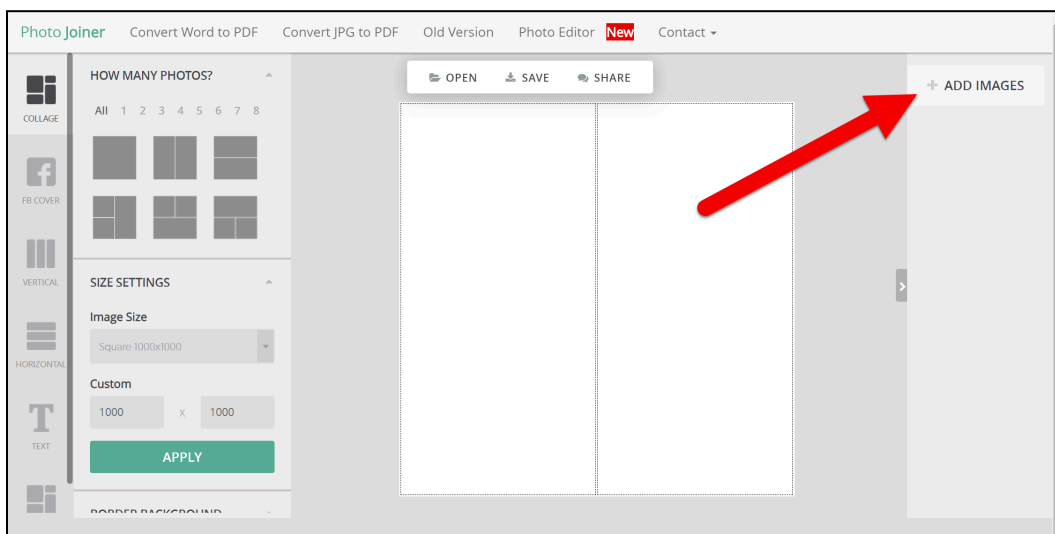

Are you looking for an easy way to share pictures in a collage format? There are lots of tools to do this, but some require accounts. Collage Maker does not! Below are some tips on how to use this FREE tool to make great images from multiple images.
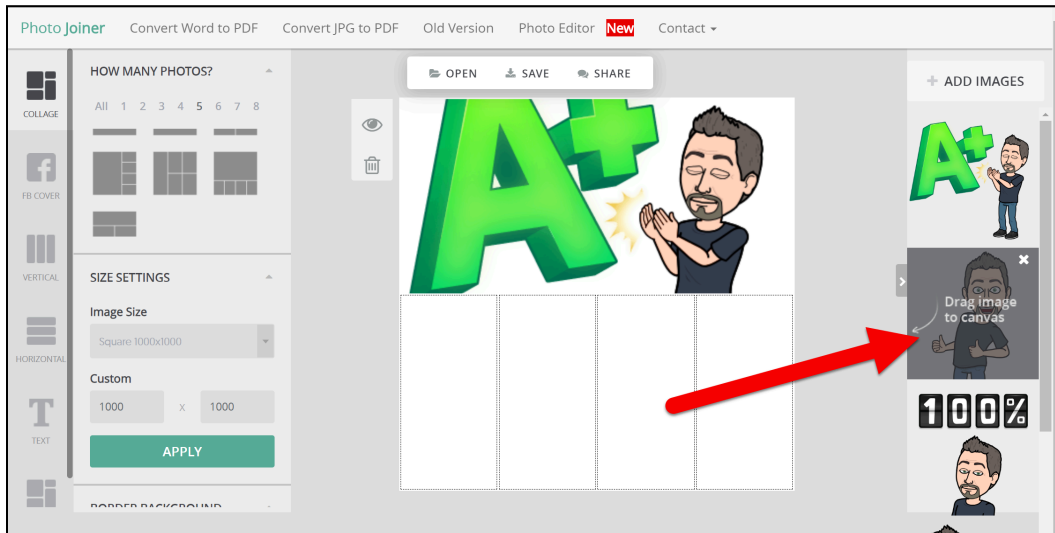

Create a Photo Collage:

1. Get some images on your device (PC, Mac, Chromebook).
2. Go to photojoiner.net/collage-maker/editor.
3. Choose your layout on the left (there are many to scroll through).

4. Click "**Add Images**" in the top right to choose images from your device.

Feel free to use, edit, share, or whatever you see fit to help yourself or others! Get more Google Goodies at BadinerBytes.com.

5. Drag images to the place you want them in the collage and drag image to the location in each spot to fit the best display.

6. Edit the border size and color.

7. Click the "**Share**" button.

Feel free to use, edit, share, or whatever you see fit to help yourself or others! Get more Google Goodies at BadinerBytes.com.
