

# EPISODE 3

mk so confessional update: My tribe is rad. They are all pretty active in tribe chat, Jake is really fucking good at these apps, we need to be cautious of him. Ryo reaches out to me every now and then and I appreciate that. Gruff and I bonded last night too. Otherwise, not too many people have been doing DMs. Oh yea, Batter dude messaged me and then never answered but he is irrelevant. I told Ryo i was afraid I could be the tribes easy boot but he told me that a lot of people are bothered by battery guy and that I should not worry. I have been being more inactive since, battery bro doesnt seem annoying or anything but look it isnt me so we gucci. Also fuck this math challenge

- Rob (La Chimba)

I think we might lose this challenge. Ryo said he can't get better than a minute and rev keeps typing too fast and getting questions wrong. Fuck Láscar for losing so much and making us sit half our tribe. At least we have Jake still being a challenge beast.

- Gruff (La Chimba)

Playing this game is so fun, and I'm so grateful to be able to make so many new friends and be part of a great experience like this. But every so often, a bit of my real life creeps into the game, and on days like today, where my anxiety and depression are at their highest, it sucks. I've had a lot of abuse in my past, and at times, its really hard for me to trust people, and trust whether or not I can put my faith in them for fear of them hurting me later. But this group is constantly talking to me, and asking how // feel about things, and experiencing that means a whole lot to me. *smiling* When my mental health tries to creep into the game, I'm really thankful that my tribemates and allies can give me some words of encouragement to help keep those bad feelings at bay. -Ryo

- Ryo (La Chimba)

fuck you numbers

- Rob (La Chimba)

I'm hoping to see our tribe winning this upcoming challenge, but I'm getting a liiiittle bit sketched out. I got a weird feeling in my gut that something big is coming, and I might not know what it is, but I know that I'm excited and nervous to see how it impacts me and La Chimba! -Ryo

- Ryo (La Chimba)

I don't know why, but I'm kind of expecting to lose this challenge. And I wouldn't really mind that. I have a majority alliance in my tribe and good relationships with Rob and Aaron outside of my alliance so I doubt I would be in trouble. Plus I'm expecting a swap soon and if we're looked at as a dominant tribe, I could see Láscar teaming up with Antofagasta to take us out.

- Gruff (La Chimba)

Well. I am very disappointed with myself. This is the first challenge I have done and I feel I did the worse. And it sucks too because challenges used to be my thing. Now, I cant even get 25 mixed math questions in under 40 seconds. It really starts to degrade you and you feel different about how you see yourself in the game. I am still close with my alliance and hopefully *fingers crossed* I get a good swap if there is one.

- Rev (La Chimba)

Andrew confessional #6: I hope we fucking lose this challenge. I'm over this tribe. Let's get to some action.

- Andrew (Antofagasta)

There's been approximately 0 going on with me since the last vote which is EXTREMELY concerning. I'll just leave this short though since idk what to say.

I'm convinced we lose this challenge, i had a look at Haiti, and this 58 isn't going to cut it. However...

I think i can use it to my advantage, we may swap like Philippines, and that way, i can just be like "Hey, you don't want to face shane/akir" I'm fairly certain I'm the last preswap player though, i feel bad disappointing evwryone

- Abby (Lascar)

Láscar suuuuuuuuucks

- Gruff (La Chimba)

Not really getting many vibes from these guys. I was trying to hint at Ryo that we should stick together, but nothing's really working. Dropping bread crumbs isn't working, I'm gonna have to start dropping entire loaves of bread at Ryo's feet to get him to work with me.

- Aaron (La Chimba)

Right so another WINNNNNN! TAKE THE W AND LEAVE IT OUT TO DRY. COME BACK WHEN WE LOSE BUT THAT MIGHT NOT BE FOR A WHILE. Saying that I'm suspecting a swap soon surely because Lascar are really on their last legs and not doing well at all! BUT YEAH in terms of alliances and allies nothing much has happened at all because of us not going to tribal. OH that also means that my pole does not have a fire in it which is exciting. I want to make sure that occurs for as long as possible! But you know it is gonna happen sooner or later. So yeah that is basically is for now, oh yeah the weather has been very weird! I was supposed to go on a tramp for school but there were tornadoes going around that area and that is really weird because we do not get tornadoes at all. So yeah not good weather at all! Have a good day guys! Peace.

- Tom (Antofagasta)

Andrew Confessional #7: My prior confessional was short and sweet because numbers said we had to do one and I was about to give the kids a bath. That said, it did a pretty good job of succinctly describing my feelings. You know when the hosts are repeatedly reminding your tribe to do confessionals that things are completely dead. I hope I'm not included among the inactives because I feel like I've been putting in a decent effort to spend some time in here, though I do admit that I've missed a day or two.

Anyways, where was I? Oh yeah, my tribe sucks and is boring. I did actually have a somewhat decent conversation with Jaylen yesterday. I had pretty much ghosted him for a few days while I was traveling and I wanted to focus more time on Eli, but I wanted to make sure I made an effort once I got back to talk to him more. He's a good kid. We don't connect all that well but we both make an effort which is more than I can say about the other three.

That brings me to Canada. I know that on a game level, it's probably smarter to keep a complete goat around, but I am just so over her. She shows up once or twice a cycle to complain about being bad at the challenge and then she disappears. We've sat her twice and I think that's probably the only thing stopping her from striking out. For the sake of the game, for the sake of the viewers, I need her gone.

This tribe isn't close at all. This majority alliance between NoAvi, Tom, Eli, and myself is only a means to an end. I don't expect it to last a minute after swap is announced, partly because I'm jumping ship at the first opportunity. Eli and I have each other's backs. I may be able to make something work with Jaylen. Other than that, please make swap happen soon so I can make some real allies.

- Andrew (Antofagasta)

I'm sorry I haven't sent any confessionals in the last two days. I've been studying a lot and I'm a little bit sick so... Honestly, last night I was really worried. I didn't know if we were going to win or lose. But for my surprise, we ended up being the tribe with less time! I'm really scared because I feel like a swap is coming and I end in a tribe with Canada ALONE, I'm going to be fucked. Really fucked. She can't even answer a fucking question about the challenge! What did she do to help us? NOTHING. She sat out or she didn't submit in all the challenges... I came here to play and she didn't, clearly. Talked with Andrew last night and we agreed that we want to be together in the next tribe, but the only thing you can do right now is dream lol

- Eli (Antofagasta)

I am fucking panicking so much right now damn it. Nobody's talked to me about this vote, when it's extremely crucial they have my trust.

I need to find a goddamn idol

Somewhere there has to be one, I'll search the whole wiki if i need to

--

I'd like to call this one the end on the line.

Akir agreed to vote shane.

Shane's been online the whole time, and he isn't talking to me. He's voting me, I'm pretty sure Akir goes with him.

I just can't find this damn idol, there's 370 wiki pages, ive looked at around 30. There's just simply no time.

Tribal council isn't up yet, maybe i can buy myself time

--

I hate y'all why did you have to give me the only regular quesis this like aome kinda subtle hint that im going like I thought i was anyway but this is just making me paranoid and i still cant find the idol and im panicking and shane still hasn't messaged me WHY TGE FUCK HASNT SHANE MESSAGED ME and also help I think he might have an idol which is why he's gone cold im going home im always like a lock for merge shit im not even punctuating this ouch

- Abby (Lascar)

Akir's Confessional #3? I think

I think my contraction of the influenza virus has made me a better player. Think about it. I'm now even more of a goat, which means I'll get dragged to the end (hopefully), which means I can play the game I'm best at, that being pretending I had a master plan this whole time and actually played the game when really I'm actually just horrible. Fingers crossed.

- Akir (Lascar)

Well, today has been a good day, with good weather!!! Can't wait for survivor later on, but yeah it has been a relaxing day not having to go to tribal and I think I am getting used to this, it is very different from what I have experienced from other games and I like it! So I guess we will see who goes home today and how it will impact the rest of the game I guess. HaVe a GoOD DaY evERyOne!
