| Miracle School cafe | <p>I am going to do a school food court and breakfast in the morning</p> <p>The reason why I would like a school food court is because When you are at home you don't need to make your lunch and you can just have some food at the school food court and it can be free.</p> <p>The reason why I would like a school breakfast in the morning is because it could be in the hall and also because we don't need to have breakfast in the morning at home.</p> |

| <p>Faith</p> <p>I am going to do Music playing in the morning and a School food court. 😊😐😄😄😄😄😄😄</p> | <p>The reason why I think we should have a school food court and a School radio station is because it would be fun to have music in the morning at school and dancing to get ourselves pumped up for school. The reason why I think we should have a food court at school is because then we can have a little snack and meet up there to talk and have a conversation and get some juices and relax at morning tea and lunch time. I also think that the food court should be free so then we don't have to remember to bring money or we wouldn't be able to have lunch or morning tea. Another reason why we should have a food court is because it saves time and we don't need to make our lunch or spend money buying lunch things.</p> |
