- Your story is unique, and your story has power. Your story can help convince our lawmakers that ending cancer and supporting cancer patients and their families must be a priority. And together, we can expand access to quality, affordable healthcare, ensure that the patient's quality of life is at the core of their care, and help remove barriers that prevent patients from diverse backgrounds from participating in clinical trials. www.fightcancer.org/share-your-story

CancerCare provides free, professional support services for the LGBTQ+ community affected by cancer, as well as practical information and additional resources: [Cancer | Support Groups, Counseling, Education & Financial Assistance](#)

Discussions About Cancer is a safe space for members of the LGBT and allied communities to come together and support one another on topics related to cancer. All impacted by cancer are welcome, including those currently undergoing treatment, survivors, family members and those who have been caregivers to a cancer patient. [Discussions About Cancer](#)

Fenway Health

The mission of Fenway Health is to enhance the wellbeing of the LGBTQIA+ community and all people in our neighborhoods and beyond through access to the highest quality health care, education, research and advocacy.
