Abstract should be clear, and concise with maximum 250 words. It is written as single paragraph without references. Abstract consists of background (briefly explain background of the study), objective (the main objective of the study), methods (briefly explain of study setting, design, participants involved, methods are used to collect and analyze data), results (briefly explain research findings), conclusion (conclusion of the study and implication for nursing care and future research), keyword (keywords are written separated by semicolon (;) and should not more than 5 words)

All content in abstract section written with Times New Roman font size 12

Abstract written in English and Indonesian language

Article length should not more than 6,000 words (excluding abstract, bibliography and acknowledgement).

INTRODUCTION

This section must clearly state the objectives of the study and provide an adequate background. Do not use a detailed literature survey or a summary of results. State a brief of

previous study to show the scientific novelty of the study. Briefly explain what the uniqueness or novelty of the research is compared to previous research

All content in introduction section written with font Times New Roman 12

METHODS

Method consists of research design, settings, research timeframe, population and sample, data measurement, instruments and data analysis methods. Please provide information of ethical clearance fit test

All content in method section written with font Times New Roman 12

RESULTS

At this section, author clearly and concisely explains research findings. Using diagrams, tables, pictures and graphics are allowed to be presented at this section in order to make it easier for the readers to understand the content. Please provide information on tables/diagrams/pictures/graphics presented. **All the content in table/diagram/picture/graphic written with font Times New Roman 10 space 1. DISCUSSION

Author should describe the significance of research results. Avoid repetitive explanation at this section, be clear and concise. The content of discussion section consists of

1. Explanation of research results (interpretation scientifically for each result or finding)
2. Linking research findings/results to basic concept/hypothesis and previous study and relevant literature (Are the results consistent with hypothesis/previous study/relevant literature or is there any difference between them?)
3. Explaining limitation during research process

All content in discussion section written with font Times New Roman 12

CONCLUSION

Conclusion should be written clear and concise related to the objectives of the study and findings. Briefly explain scientific justification of the study, do not present data at this section. Provide suggestion/recommendation for future study and nursing practice

All content in conclusion section written with font Times New Roman 12

ACKNOWLEDGEMENT (IF ANY)

Briefly acknowledge to participant or party who involved and contributed during study (Grants, financial support, technical assistance).

All content in acknowledgement section written with font Times New Roman 12

Abstrak harus jelas dan ringkas dengan maksimal 250 kata. Ditulis dalam satu paragraf tanpa referensi. Abstrak terdiri dari latar belakang (jelaskan secara singkat latar belakang penelitian), tujuan (tujuan utama penelitian), metode (jelaskan secara singkat latar penelitian, desain, partisipan yang terlibat, metode yang digunakan untuk mengumpulkan dan menganalisis data), hasil (jelaskan secara singkat temuan penelitian), kesimpulan (simpulan penelitian dan implikasinya terhadap asuhan keperawatan dan penelitian selanjutnya), kata kunci (kata kunci dipisahkan dengan titik koma (;) dan tidak boleh lebih dari 5 kata).

Seluruh isi pada bagian abstrak ditulis dengan font Times New Roman ukuran 12

Abstrak ditulis dalam Bahasa Inggris dan Indonesia

Panjang artikel tidak boleh lebih dari 6.000 kata (tidak termasuk abstrak, daftar pustaka, dan ucapan terima kasih).

PENDAHULUAN

Bagian ini harus menyatakan tujuan penelitian dengan jelas dan memberikan latar belakang yang memadai. Jangan gunakan survei literatur yang mendetail atau ringkasan hasil. Cantumkan ringkasan penelitian sebelumnya untuk menunjukkan kebaruan ilmiah penelitian tersebut. Jelaskan secara singkat keunikan atau kebaruan penelitian tersebut dibandingkan dengan penelitian sebelumnya.

Seluruh isi bagian pendahuluan ditulis dengan font Times New Roman 12

METODE

Metode penelitian meliputi desain penelitian, latar, jangka waktu penelitian, populasi dan sampel, pengukuran data, instrumen, dan metode analisis data. Mohon berikan informasi uji kelayakan etik.

Seluruh isi bagian metode ditulis dengan font Times New Roman 12

HASIL

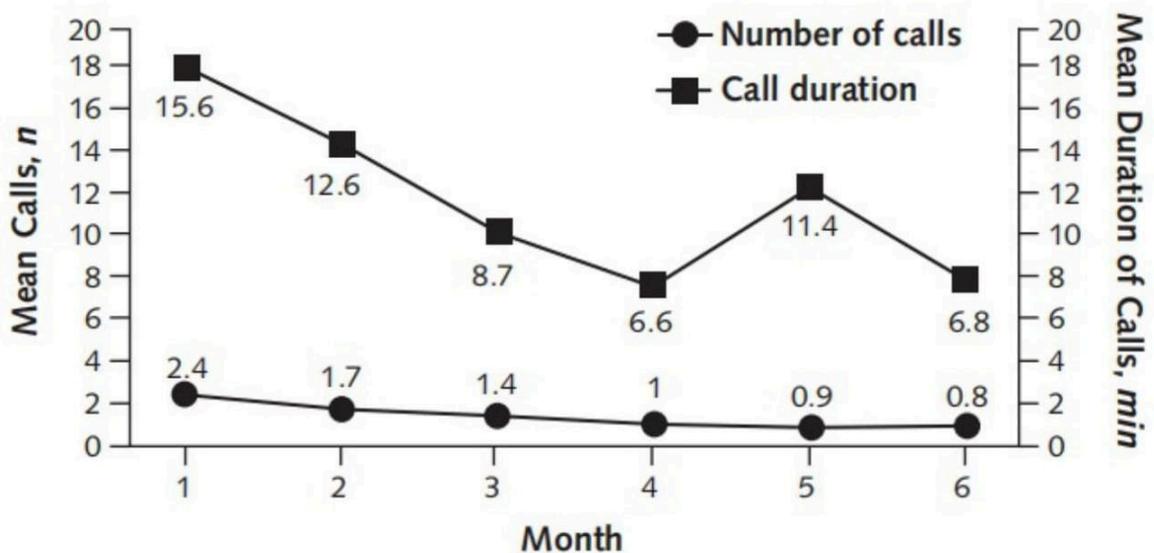

Pada bagian ini, penulis menjelaskan temuan penelitian secara jelas dan ringkas. Penggunaan diagram, tabel, gambar, dan grafik diperbolehkan untuk disajikan agar pembaca lebih mudah memahami isinya. Mohon berikan informasi mengenai tabel/diagram/gambar/grafik yang disajikan. **Seluruh isi tabel/diagram/gambar/grafik ditulis dengan font Times New Roman 10 spasi 1. Seluruh isi pada bagian hasil ditulis dengan font Times New Roman 12.**

DISKUSI

Penulis harus menjelaskan signifikansi hasil penelitian. Hindari penjelasan berulang pada bagian ini, jelaskan secara ringkas. Isi bagian pembahasan terdiri dari:

1. Penjelasan hasil penelitian (interpretasi secara ilmiah untuk setiap hasil atau temuan)
2. Menghubungkan temuan/hasil penelitian dengan konsep dasar/hipotesis dan penelitian sebelumnya serta literatur yang relevan (Apakah hasilnya konsisten dengan

hipotesis/penelitian sebelumnya/literatur yang relevan atau adakah perbedaan di antara keduanya?

3. Menjelaskan keterbatasan selama proses penelitian

Seluruh konten pada bagian diskusi ditulis dengan font Times New Roman 12

KESIMPULAN

Kesimpulan harus ditulis secara jelas dan ringkas terkait tujuan dan temuan penelitian. Jelaskan secara singkat justifikasi ilmiah penelitian ini, jangan menyajikan data pada bagian ini. Berikan saran/rekomendasi untuk penelitian dan praktik keperawatan di masa mendatang.

Seluruh isi pada bagian kesimpulan ditulis dengan font Times New Roman 12

PENGAKUAN (JIKA ADA)

Akui secara singkat kepada peserta atau pihak yang terlibat dan berkontribusi selama penelitian (Hibah, dukungan keuangan, bantuan teknis).

Seluruh isi pada bagian ucapan terima kasih ditulis dengan font Times New Roman 12
