Life Skills

Describe the Life Skills you used and what you learned in relation to your project.

Example Table

I used one or more of these Life Skills from the Targeting Life Skills Wheel	What I learned as a result of using this skill.
HEAD Example: Decision Making	<i>I learned that I needed to be sure to budget my money when purchasing craft supplies so I would have enough to cover all of my expenses.</i>
HEART Example: Sharing	<i>I learned how to give younger 4-H members pointers on how to make a wreath through a visual presentation.</i>
HAND Example: Community Service Volunteering	<i>Through my woodworking project, I have learned many new skills. I found it to be beneficial to my community to utilize those woodworking skills when volunteering to build a wheel chair ramp.</i>
HEALTH Example: Managing Feelings	<i>I learned to control my feelings when I became frustrated that the new cake I baked didn't rise. Since I didn't have success with the new cake recipe, I am going to research other options that I could try.</i>

Determine how much money you made or lost on your project. Profit or loss is no indication of project success. Profit means your project brought in more income than you brought in and profit loss means your project brought in less than you spent. This does not necessarily indicate the quality of a project. You can determine your profit (or loss) by:

A. Income

1. Income Total (Table 2) \$ _____

Total Income (A) \$ _____

B. Expenses

1. All Expenses (Table 1) \$ _____

Total Expenses (B) \$ _____

Subtract B from A to get profit or loss (profit or loss)
Total \$ _____
