

## Math Recommendation Guidelines for Incoming 9<sup>th</sup> Graders to WWHS

Please note that the information in this document denotes *general guidelines* for how to recommend students for high school courses at WWHS. There are some students who do not fall into these guidelines, and we trust that you will make sound educational decisions that are in the best interests of the student. In situations where you are unsure of how to recommend, we encourage you to contact the Mr. Kuhn at [james\\_m\\_kuhn@mcpsmd.org](mailto:james_m_kuhn@mcpsmd.org)
