Check-In/Check-Out

What is Check-In/Check-Out?

A Julian staff member (or, "Coach") will reach out to your child each day to check in, provide a pep talk, establish a relationship, provide reminders about assignments, and/or troubleshoot issues, depending on what your child needs.

Who are students that can benefit?

- Students who could benefit from an additional staff relationship at school, or..
- Students who have low-level behaviors at school, such as off-task, out of seat, etc.
- Students who enjoy positive adult attention, or…
- Students who are new to Julian/Oak Park

How are students selected?

They were referred by their families, their team of teachers, or data that indicates a need. The Julian Culture & Climate Tier 2 team reviews the data and connects the student with a coach.

How long does the program last?

It depends. The Tier 2 team reviews the student's progress every 4-6 weeks. Once a student has maintained growth in academics, engagement, or another identified area, they may "graduate" from the program to make room for others to join.

How does my child's Check-in/Check-out coach keep me informed?

Your child's Coach will reach out to you to introduce themselves and partner with you. You should feel free to discuss the best way to connect with you and keep you in the loop about your child's progress.

I have more questions. Who should I contact?

Katie Trathen, Julian Culture & Climate Coach, ktrathen@op97.org
